

The Bridge to Freedom

**THE ASCENDED
MASTERS WRITE THE
BOOK OF LIFE**

The Bridge to Freedom Foundation

INTRODUCCIÓN

Cuando Thomas Printz y Geraldine Innocente crearon un Movimiento de difusión de la Enseñanza Maestra Ascendida, Thomas Printz se convirtió en el Manager Editor y bajo su Gerencia se administraron las publicaciones, esta obra llamada The Journals 1953 corresponde a la 2da publicación de Revistas publicadas después de la fundación de El Puente a la Libertad.

Es importante que se sepa que El Puente a la Libertad fue fundado por Maestros Ascendidos en el plano de la forma, La familia Innocente eran ya Divinamente Libres (Estado llamado en ingles God-free, es el estado de Conciencia previa a la Ascensión total), Hoy todos sirven en la Gran Hermandad Blanca.

Mary Lehane Innocente era realmente D.T Marches, es decir, La Maestra Ascendida Lady Alba (o Amanecer) y era la Madre física de Geraldine Innocente y El Bendito Gus Innocente –conocido por los Estudiantes de El Puente como Papa- es el complemento Divino de la Maestra Ascendida Lady Amarilis. Thomas Printz es El Bendito Maestro Ascendido El Morya Khan, también cabe la mención de Miss Alice Schutz (el Complemento Divino de El Maestro Ascendido Dwual Khul). Todos estos Maestros Ascendidos trabajan bajo la Amorosa Guía de su Maestro –El Gran y Bello Mahá Chohán-

Así fue como se inició el 1er periodo de El Puente a la Libertad, iniciado en abril de 1952 hasta junio de 1961. Es importante que se sepa que Geraldine Innocente ya para 1952 había Ganado su Ascensión. Ella obtuvo su Ascensión total en 1961 y es conocida como La Maestra Ascendida Lady Miriam.

Después de 1961 Se inicia el 2do periodo de El Puente a la Libertad que terminó en 1989 bajo la responsabilidad de Lucy Littlejohn.

The Journals 1952 forma parte del Proyecto de crear una Biblioteca con la Herencia Espiritual dada bajo los esfuerzos de los Grandes Seres para que los Estudiantes de los Maestros Ascendidos puedan tener un acceso al material original en inglés.

Bajo los acuerdos dados con las autoridades fundacionales del The Bridge to Freedom Foundation entregamos esta compilación para el Beneficio del todo.

Se hace en cumplimiento a las sugerencias dadas y acorde al plan presentado de la Gran Hermandad Blanca.

Fundación Lady Nada.

THE ASCENDED MASTERS WRITE THE BOOK OF LIFE

Existence of GOD, "In the beginning was GOD." and GOD said, "LET THERE BE LIGHT; and THERE WAS LIGHT!" Genesis 1:3.

Is there an individual upon Earth today who has not at some time in his life asked the question - "Where did I come from," "Why am I here" and "where am I going?" It would appear very strange if you were to see an individual gathering various things together to take a trip, start out in his car and travel for some time over a very rough highway, and yet when you asked him WHY he was doing it, WHERE he had come from, and WHERE he was going, he would reply he did not know, in fact had never thought about it! And yet that is the situation that most people find themselves in today.

It is possible to find out where you came from - to know your reason for being - and to know what your ultimate Goal is - that is the reason why the instruction in the publication of "The Bridge to Freedom" is given to mankind at this time.

"A Bridge," says Webster, "makes a Way over anything that hinders" - for those who choose to use it. No man would choose to breast the cold torrent rather than walk in safety across a kind and thoughtfully constructed Span. Sincere men and women all over our Earth today are seeking a "way over" the world appearances of war, famine, disease, poverty, ignorance and limitation into a World of Peace, Health, Opulence, Enlightenment and Freedom; a Way by which not only they, but all men might enjoy the permanent Golden Age (the Promised Land spoken of in prophesy since Biblical Days). A Way by which they, and all men, might contact the will of God and intelligently cooperate with It, to expand the Borders of His Kingdom.

Spiritual Teachers have been sent out by the Father to the farthest corners of His Kingdom and the great men and women who have toiled to build such bridges, over which the consciousness of men and women have passed to find greater Peace and Understanding, have become Immortal in the memories of the human race. It is now The Father's Will that His children know not only the one small "span" provided in their vicinity but tread the spans of other Faiths and other Creeds and in the widened consciousness and tolerance that such study will bring, learn that Universal Brotherhood and Universal Faith is not only possible but attainable within the tenets of their own credo.

All World Religions and all the Fields of Spiritual Exploration that have risen on the tide of the New Age have been inspired by the Ascended Masters of Wisdom, Who stood behind these activities and thru Their organizations endeavor to pour the vitalizing Force which is the redemption of the race. It is regrettable, however, that men so often refuse to allow the Sun to shine thru any but THEIR OWN WINDOWS (consciousness)!

Those schools of thought which claim to be the SOLE repository of the Teachings of the Masters of Wisdom, make statements which time and circumstance will fall to substantiate; for they (the Ascended Masters) have Their disciples and Their followers EVERYWHERE and work thru many bodies and many aspects of Truth.

It might be wise to look for these facts and to cultivate the ability to recognize TRUTH in The most unlikely places and groups.

In 1952, in view of the acceleration of the coming NEW AGE, THE BRIDGE TO FREEDOM came forth with the purpose of uniting members of all schools of thought and faiths, who need not necessarily leave their respective organizations in points of dogma or principle but in a CO-ORDINATED AND COOPERATIVE ACTION in self development and world service along the line common to all, create a more united and powerful force for the good of the individual and the whole human race, such as directed synchronized daily prayers, cooperative visualizations and meditations not only for the protection of America, but for the whole world.

"Perfect Love," says St. John "casteth out fear." When we fear to examine or contemplate another aspect of Truth, we are not assured in our own convictions. Thus, in Love, let us enter the World of our Brother and, in Love, invite him to enter ours. . . "Prove all things, hold fast to what is good" - said Paul to the Thessalonians.

World Brotherhood, as sponsored by "The Bridge to Freedom" and all its many publications does not constitute the leveling of all men to the sub-standards of the lowest strata of human kind, but rather the conscious raising, thru education and competent guidance, of the entire race thru the individual, to the highest standards of moral, ethical, economical and Spiritual maturity.

THE BRIDGE comes to you as a Messenger of Peace, a Harbinger of Hope, a Span over which your outer consciousness may walk in safety into the presence of the Great White Brotherhood, share in Their plans and endeavors on behalf of mankind, and consciously avail yourself of the radiation and blessing which such knowledge and association will bring.

2

Despite all claims to the contrary, you are asked to examine the fibers that are woven into the strands of Its Policy, and in HONEST UNBIASED INDIVIDUAL JUDGMENT ask yourself what agency is presently giving, or has previously offered information of this nature, with Its attendant individual blessing, Its spiritual value, in uniting the energies of the race with the Great White Brotherhood in this hour WITHOUT COMMERCIALIZING the credulous, IDEALIZING any personality, or

FORBIDDING individual freedom of conscience and action within the natural confines of moral and ethical purity.

THE PLATFORM OF THIS INSTRUCTION.

FREEDOM for every Lifestream to develop and unfold its talents and UTILIZE THOSE TALENTS for the good of Life!

JUSTICE for every soul who has put his shoulder to the wheel, no matter what flaws of personal character have dimmed the full manifestation of service.

UNITY of the Members of the Spiritual Great White Brotherhood, thru co-ordinated, directed rhythmic Universal instructions on the Cosmic Law and the requirements of the hour.

LOVE AND TOLERANCE for all Life, which *bind* together rather than *divide* the peoples of Earth, the conscious students on the path and those leaders who are big enough to admit that the Sun cannot limit Its shining to but one *sunbeam*!

TRUTH unveiled so that all who apply to the Cosmic Fount may be filled and none turned away in bitterness and emptiness.

PEACE which comes from Liberty of conscience and action within the reasonable confines of honor and ethical purity.

ACTION thru co-ordinated, directed, systematically distributed instructions in the Cause of World Good!

.....

IN THE BEGINNING, GOD.

The purpose of "The Bridge to Freedom" is to bring to the attention of mankind the immortal, Eternal TRUTH THAT

3

GOD IS - THAT GOD IS ALL THERE IS - ALL IN ALL - EVERYWHERE PRESENT. Its further purpose is to bring to its gentle readers a simple practical Way of Life, a way and means by which each one individually, as well as those who wish to harmoniously serve together collectively, may lovingly and easily co-operate with God to outpicture in daily living the KINGDOM OF HEAVEN which lives within the God-Life which beats every physical hear!. ("The Kingdom of Heaven is WITHIN YOU" - Jesus)!

The word "GOD" as we use it today, was originally spelled with a double "O" as in Good, and that is exactly what God is; the Being, , Consciousness, Intelligence, and Activity of GOOD - EVERYWHERE PRESENT!

And God said "LET THERE BE LIGHT" - Genesis I:3.

Then Creation took place and from that obedient, self-luminous intelligent Primal Light-, which fills all space, came everything there is - "AND IT WAS GOOD"! Genesis I:4

The Light- Created by God was obedient and look on the form or quality of whatever God thought, felt or spoke.

God, the Owner and Giver of ALL LIFE, so far as our Galaxy is concerned, is called the Great Central Sun. It is the Sun behind our physical Sun, and is the Source of ALL LIFE and ALL THINGS in the entire Galaxy. Our Galaxy is composed of the Great Central Sun and Its Directors, Alpha and Omega, seven physical Suns with seven planets each of which our Earth is a planet in one System.

Now, it should be no more difficult to accept a God-Mother and God-Father than it is that every human being has a Mother as well as a Father, and as above, so below. The God-Mother and God-Father - OUR GOD SO FAR AS THE EARTH AND THE SYSTEM TO WHICH IT BELONGS IS CONCERNED - are two Divine Beings (known as HELIOS and VESTA) who dwell within our wonderful glorious physical Sun. These two Beings give LIFE to everything, not only on our Earth but for all the planets of the system to which our Earth belongs.

The God-Father and God-Mother (Beloved HELIOS and VESTA) applied to the Great First Cause (the Source of all Creation) . . .The Great Central Sun, for the opportunity to

4

create a system of planets and people them with individual consciousness. Those Great Beings were then required by Cosmic Law to prove that They could sustain a radiation of energy sufficient to maintain Life, Motion and Light upon a planetary system. They passed this initiation successfully and were then vested by the Great Central Sun with the authority and power to create a Universe.

When Beloved Helios and Vesta were crowned with the authority to create a Universe, like all loving parents, They designed within Their thought and feelings the size of these planets, their location, the number of lifestreams that would abide upon each one ! and as human beings would plan a Home, They pictured and held that image in Their Minds and Feelings.

They expanded out from the heart center of Their Being a great sphere of influence. The periphery of that sphere of influence was the Boundary of the Universe within which the planets, the stars and all belonging to that Universe would abide. In the Fiat of "LET THERE BE LIGHT", Helios and Vesta spun out of Their very Selves that universal substance (LIGHT) out of which the Elohim created the planets, and from whence has come into being ALL FORM.

THE COSMIC SILENT WATCHER

When the design was completed, a mighty, majestic Being was summoned from out the he Great Silence, known as the Cosmic Silent Watcher of this Universe. Into Her consciousness was placed the design of all the planets that were to belong to the system. This great Being absorbed the plan of the God- Parents and accepted the responsibility of holding the IMMACULATE CONCEPT for each planet until such time as Helios and Vesta would designate the Cosmic Moment when that particular planet was to be externalized.

THE PLANETARY SILENT WATCHER

In due time another Great Being was summoned called the PLANETARY SILENT WATCHER who received into Her keeping from the Cosmic Silent Watcher the plan for the new planet Earth, accepting in turn the responsibility of holding the Immaculate Concept for the Earth until the Divine Plan is fulfilled to the last detail. The Great Cosmic Silent Watcher holds the seven planets of this System

5

within Her Heart white the individual Planetary Silent Watcher holds but one planet.

The Planetary Silent Watcher look the responsibility for holding the Immaculate Concept for the Earth, with Her rivers, oceans, the great mountains, and the vast plains, making available to the Seven Mighty Elohim and Builders of Form that pattern, which They then wove out of the Universal Light-Body of Helios and Vesta.

The first activity of the Planetary Silent Watcher is to expand Her Causal Body, which becomes the cradle in which the Planet will rest, and the Seven Great Spheres, (with which you are to become acquainted) are the seven bands of color of the Causal Body of the Planetary Silent Watcher into which the Great Guardian Spirits, the Great Cosmic Angels and Devas came, Creating the Seven Heavenly Realms of consciousness for the Evolutions that were to occupy the planet.

Out of the very and energy of the colors of the Causal Body of the Planetary Silent Watcher is woven the Temples, the very Atmosphere of those Inner Spheres. Out of the of that Body is woven the elements for your Earth. Out of the substance of Her Causal Body is woven the garments (the SEVEN VEHICLES WHICH EVERY LIFESTREAM WEARS.)

Mankind has no concept of the fidelity, consecration and sacrifice of a Being Who chooses to hold the Divine Pattern and Plan as a Silent Watcher for a planet for millions of years beyond the time originally scheduled for its perfection. This Great Being is a prisoner of Love.

This great, blessed Silent Watcher for our Earth has held the pattern as designed in the Heart of Helios and Vesta and the pattern for EVERY LIFESTREAM destined to manifest God Perfection and has held for YOU as well as those who have used the Earth as a schoolroom in the past and those who are to use it in the future, the unwavering pattern which is the God Design that all must one day externalize!

At last the Cosmic Moment for the birth of the planet Earth had arrived. The Silent Watcher of the Earth stood in readiness and then the Seven Mighty Elohim - the Cosmic Builders of Form - were summoned.

THE SEVEN MIGHTY ELOHIM

The Seven Elohim answered the call of Helios and Vesta and standing around the Planetary Silent Watcher studied intently the plan

6

held within Her Consciousness for the sweet Earth, which it was Their joy, service and opportunity to bring into form. Their first activity in this direction was the projection of the Mighty Light Rays from Their combined Consciousness which formed the matrix of the new planet.

When this was done, They in turn summoned the Directors of the Forces of the Elements and the lesser Builders of Form, the Angel Devas and the Elemental Spirits. These Beings magnetized the Electronic Light, filling in and fashioning the planet according to the instructions given Them by the Elohim. As Builders return to the blueprint of the architect, so did the Elohim return again and again to the study of the Light-Pattern held in the consciousness of the Silent Watcher.

DIRECTORS OF THE GREAT FORCES OF NATURE

The Elohim invoked the Directors of the Forces of Nature, the majestic Virgo (Earth) the Mighty Neptune (Water) and the Beloved Aries (Air) Who joyfully answered the summons, grateful for the opportunity of contributing the gifts of Their respective elements (earth, water, air) for the comfort and well being of the newly born Earth and Its future inhabitants. Helios and Vesta Themselves provided the element of Fire.

After this came the invocation to the Spirit of Spring, the Beloved Amaryllis, to come and set up the rhythm of the Spring in blossom, flower and beauty of Nature. This beautiful Being came in answer to the call, bringing with Her legions of Angelic and Elemental Helpers. Their combined energies clothed the sweet Earth in such beauty and gladness that She looked like a beautiful dryad wearing a wreath of flowers upon Her head walling to welcome the Spirits who were to make Her their home.

Nine hundred consecutive rhythms of Springtime came and went to make the Earth more and more beautiful - the lakes, the great rivers, the giant waterfalls, the crystal seas; the mountains pointing their fingers toward God, and the Immortal Three-Fold Flame of God pulsating from within Earth's Center, that Great Eternal Sun of Even Pressure! Think ye not that the mankind about to receive this Planet as their individual dwelling place were destined for some great purpose !

The Elementals wove the smallest and daintiest of flowers; the great Devas unfolded the leaves on the trees; the mighty Spirits of the

7

Air active and working in Their Own element; all nature working together harmoniously to the rhythmic music of creation!

While all this activity was going on, the great Elohim and the lesser

---The great Elemental Kingdom which has chosen to create your rivers, your valleys, your hills and all the glories that are nature, is to localized, for the most part and held within a natural orbit. Some of them, the small and dainty ones, never pass outside of the sphere of a few small yards, living their lives, developing the grasses and the flowers in someone's sweet garden. Others, the larger ones, perhaps, live their lives within a mountain or a lake, but they are all localized and do not travel. Particularly, since mankind, through discord, has created antagonism between the two Kingdoms, has the Cosmic Law more and more powerfully stressed the Law that these beings be *leashed* within these local spheres lest they all rush away from the great cities where discord, impurity, and imperfection drive against their fine bodies - yet mankind would find that without the assistance of the Elemental Kingdom, life itself could no longer be sustained. But when Love, consciously generated, is released through a corporate body of unascended beings, even the Cosmic Law Itself bends Its Head and there is no sphere from whence those beings cannot be drawn for the blessings of love.

Mankind, for the most part, does not even know that the members of the Elemental Kingdom have being and they know not that they (mankind) live by the sacrifice of this great unseen Kingdom, the members of which work unceasingly by day and night to keep the pollution of the effluvia of mankind from smothering them even to the point where the breath could not be drawn into the nostrils or sustained within the form. Would there were individuals or groups interested in blessing this Kingdom - in making friends with the Kingdom of Nature. You must remember that they are of an innocent consciousness, like small children for the most part, and they desire always to render a balance for love. I would humbly suggest that within the

8

activity of your classwork, there are no heights to which you cannot reach in invoking the assistance of the Elemental Kingdom in balancing these extremes that are manifesting at the present time through weather conditions. If on every continent, even one such group could be established with the motive of just loving them - and not for the service they might render, We could handle the balancing of their activities which otherwise result in cataclysmic Forces released---

And so One Cosmic Day, the work of creation was completed, and the Seven Elohim signified to the God-Parents (our physical Sun) that the planet Earth was ready for habitation!

In the creation of the Planet, the Elohim projected. Their mighty convex Rays which united as a pair of fire longs at the end of their manifestation, and created a sort of womb or vortex, in which the electronic of the Universal Light was attracted to form the body of the Planet.

The Masculine Ray concentrated in the region of what we have today as the Himalaya Mountains, and is guarded by the Great Cosmic Being, Lord Himalaya, while the Feminine Ray concentrated in the Andes Range of South America, close to Lake Titicaca, and is guarded by the other Cosmic Being, God Meru, Manu of the Sixth Ray.

Till recently, as a spiritual urging for humanity, the Masculine Ray was the most sustaining and the most active. But recently, a new trend and direction took place and the Great Feminine Ray began to make Itself more conspicuous and assertive. The first impulse on this direction started on August 16, 1952.

The centre of the Earth is under the direction of an Intelligent Being. The Heart of the Planet Earth is Light. This Light passes from the Heart through the body of the Earth to the surface in exactly the same manner as the Light that sustains the human body passes to the various extremities and sustains the life of the vehicle. The Great Earth Elemental sends forth this pulsation, which is under My direction as well as that of Beloved Virgo and Pelleur, the pressure that brings forth all the plant life - all the crops, flowers and trees which make it possible for the physical bodies of the human race to survive. Where the pressure of Light is most intense, it raises the very crust of the Earth and forms your mountains, hills and high places. The Divine Design of this Planet, and all others, requires that at certain points, concentrated Light must be sustained to hold the balance of the Planet on its Axis,

9

just as you put supports to hold a part of a structure. They are the Cosmic "pins," so to speak, that keep the Earth in its place in the Universe. They are the wings that keep it from toppling.

These points of Light form the great mountain ranges, and because of the intensity of the Light at those places, which are geometrically located, it is easier for individuals, seeking illumination, to achieve it where that natural concentration accelerates their Flame.

That is why, within the Himalayan Mountains, and the other high ranges, the Holy Men and Women are able to attain their Goal more easily. This is the natural activity provided by the Interstellar Intelligence, governing the Universe.

There are, also, created mountains, like the Hill of Tara, where individuals consciously draw the Light - not only from above, but beneath the surface of the Earth, until the gradual raising of the ground formed what, to all appearances, was a natural manifestation of erosion, etc. It is a scientific fact that Mount Everest, since 1892, has grown toward the sky, and this growth is due to the concentrated invocations of many, many lifestreams hidden within the caves of that Holy Mountain.

---Often people have referred to Me, the Spirit of Spring, as dancing over the flowers and the grass with a wreath of flowers in My hair, touching here and there a bush, a flower, a shrub, a tree and sort of flitting about in an ineffectual but perhaps graceful manner.

---Beloved ones, as the Spirit of Springtime, let Me remind you that for nine hundred years before the first Great Root Manu brought the "Holy Innocents" to the Earth, I experimented with the development of the most beautiful possible foliage, flower, *bird-life*, grass, sea, air - until when the Earth was ready to be inhabited - She had a magnificent garment and was so like unto Heaven's Kingdom that the first individuals who came forth from the Heart of God hardly knew the difference between the Heavenly Realms and the Earth. That was many millions of years ago, so there is a little bit of constancy and positive energy in that Service which I render.

I thank you for your thoughts of the Springtime. I shall create again with the help of the Elementals and Our Lord Maha Chohan such a magnificent perfection on this Earth for Our Beloved Ascended Master Saint Germain as the crowning gift to His Golden Age before I take My departure to another Star---."

10

WHITE FIRE BEINGS AND THE INDIVIDUAL "I AM" PRESENCE

While the Great Seven Mighty Elohim were drawing the Divine Pattern for the Earth from the Heart of the Planetary Silent Watcher and the Builders of Form, and the Elemental Kingdom were preparing it in such beauty and perfection, the God-Parents (Beloved Helios and Vesta) were drawing from the Great Central Sun the Spirit Sparks who were to be the beneficiaries of all this preparation and love. These Spirit Sparks rested within the Heart of Helios and Vesta until the God-Parents were ready for the projection of the White Fire Bodies, from Whom in turn Electronic Bodies, which were to be the garments of these Spirits were projected.

Helios and Vesta fashioned out of the Electronic Light- these beautiful Shining Bodies which are called White Fire Beings.

These were Created in the Form and Design of the God-Parents Genesis I:27 - the Mighty Light Rays from within Their Hearts converging and forming individual foci of the Immortal Three-Fold Flame of God which would be a magnet for the Universal Light . When this was accomplished, the Spirit Sparks (Three- Fold Flame) was transferred from the Heart of Beloved Helios and Vesta into the Flame within the heart of the Shining Body prepared for it (White Fire Being). Thus, each Spirit Spark became conscious of his own individual identity, and thru the magic words "I AM" found himself a living, breathing Intelligence vested with LIFE, Opportunity and Free Will, the pathway thru the entire universe lying open before him to make of it what he shall choose.

When you, and each one of mankind, were first breathed out from the Hearts of the God- Parents, you had an awareness and realization of Identity. You felt and thought "I AM." You found yourselves as Beings, self-conscious Beings and in every fibre and cell of your Presence you realized "I AM" Being! As you served in that innocence, sharing the consciousness of your Parents, you knew that Primal Life was yours to use as you chose. You were the Holy Innocents, and Primal Life, exquisite, iridescent, flowing into the Immortal Three-Fold Flame in your heart became in possession of your selfhood. In this innocence you abided, and out of Primal Life you began to create according to that which you saw around you.

You lived in a Realm close to the Bosom of the Eternal, where there were no forms that were not exquisite. All was shining magnificence.

11

This consciousness of thought began to picture what it saw and you began to create like that which was around you (timidly at first, little tiny Cherubic forms, small Temples). Your feelings enjoying the individualization and power of creation, filling those tiny forms, they began to flow out from you into your aura and into the sphere in which you dwelt. You experienced the joy of individual creation, choosing thru free will what you would design out of this Intelligent Light-.

When the God-Parents look the responsibility for evolving a race upon the planets of our Universe and had drawn forth the billions of Spirit Sparks from the Great Central Sun of our System, They gave to you, and each one - individuality - moulding each Divine Archetype, the White Fire Beings and then the Electronic Presences, after Their Own Image and Likeness and each such beautiful Presence became the ONLY BEGOTTEN SON!

Some of these Divine Presences divided and became two perfected "I AM" Presences and then sent out a portion of Themselves into the world of form in order to expand Their Own Divine Nature and to widen the borders of the Father's Kingdom, The Personalities which form the inhabitants of the Earth today, encase the projected Selves of these Divine "I AM" Presences (the Holy Christ Selves), The personalities have, unfortunately, forgotten their God Purpose and God Identity.

The purpose of the creation as well as the of any system of worlds is to allow each "I AM" Presence called forth from the Universal Heart of God, to unfold a Spiritual Nature (the Holy Spirit) and become Master of energy and vibration thru the conscious control and use of his own creative faculties of thought and feeling.

Thus each Individualized God Presence is truly the Son or Daughter of God and Heir to all that the Father hath, with free will to create thru thought and feeling the beauty and perfection of the Father. The Individualized God Presence contains within Itself all the Light, Love, Wisdom, Power, Beauty, Opulence, Purity, Harmony and God Qualities of the Father.

"AND GOD CREATED MAN IN HIS OWN IMAGE."

For every Individualized "I AM" Presence, which accepted the responsibility of passing through the Seven Spheres and, eventually,

12

descend into the world of form, there were at least one more who preferred to return to the Universal which was pleasant, rather than assume the responsibility involved in the Individualization."

On the other hand, others, using free will, refused to be divided into two "I AM" Presences, and preferred to remain one, going through the Seven Spheres single.

The Great Divine Director, referring to the words " I AM," said that these words are not of recent human invention, as some may think, but have come down to present time from the beginning of man's coming to Earth. Proof of that, He said, is found in the archives of the Royal Teton where the records of all past civilizations have been kept, exactly as they were originally written in their respective language, and the words "I AM" are found there as they are in use today. He added that these two words are the Power of God.

Beloved Maha Chohan says:

---As you have been told, each one's Presence dwells in a sphere of activity determined by the amount of Light that It draws forth and dispenses. The demand is the motivating power behind the supply; so if the four outer vehicles (representing the outer consciousness) have so engaged themselves through the centuries, that, through prayer, good-works, and invocation, they have demanded the release of Light from the Presence to sustain their endeavors, then this Light has grown in intensity by reason of the demand of the outer self--

When the outer self has completely absorbed and put into practice all the perfection in which the " I AM" Presence functions, the Cosmic Law rushes that "I AM" Presence to a Higher Sphere, preparatory to the new demands made by the outer self. You can see, then - that the " I AM" Presence advances according to the inner prayerful devotions made upon it by the human self, and that this glorious, patient, ever-listening ONE is most eager for the cooperation of the outer self---

The more evolved the personal self, the higher is that one's "I AM" Presence in the Octave of Perfection, and by reason thereof, does it draw more of the of the Higher Levels, through the Electronic Light into the Holy Christ Self within the human heart---

EXI STENCE OF DIVINE BEINGS

When the Sun of a System takes the Cosmic Initiation and is vested with the Power to create a Universe, three Evolutionary intelligence are given an opportunity to develop and mature the Angelic, the human and the Elemental.

The Elemental Kingdom works upward from the tiniest intelligence (so small that millions of them would not take up a quarter of an inch of space) into the Builders of Form who help to create bodies for mankind; then into Nature Devas Who Create mountains and cities and Who later become Elohim, and finally may grow to be Silent Watchers of a planet, a Universe or a Galaxy.

The Elohim are the great Builders of Form. They have constant reference to the design held within the consciousness of the Silent Watcher of each planet, lowering into form

and building around the Rays which act as the cradles for the planets, the necessary elemental .

The Elemental Kingdom, acting under the direction of the Beloved Virgo (gnomes), Neptune (undines), Aries (sylphs) and Helios and Vesta (salamanders) first Created the planet in habitable form Then came the Angelic Host before any human being set foot upon the Earth. The nature of the Angel's Evolution is very beautiful.

Those Intelligences within the Central Sun who form the Children of the Central Sun are known as the Archangels. They are already in complete possession of the God Power of the Father-Mother of the Galaxy and They live to radiate the Light that fills the system and forms the effulgent atmosphere of God's Heart.

When a lesser Sun takes on the responsibility of Creating a system within that Galaxy, Seven of the Archangels with Their Divine Complements go forth to become the Guardian Presences of all the Angelic Beings, mankind and the Elementals who will comprise the evolution of that Sun and Its planets. Archangel Michael came forth with our present Sun (Helios and Vesta), together with six other Archangels - Beloved Jophiel, Chamuel, Gabriel, Raphael, Uriel and Zadkiel who form the guard, not only for the Earth but the physical Sun and the other six planets of this System, and the Seven Inner Spheres which form the Heavens for this Earth.

14

The Archangels are Voluntary exiles from the Heart and Bosom of God. They Live but to LOVE and They know no unkindness. When the Angelic Host was called forth after the Elemental Kingdom, Their service was to create a canopy of harmonious radiation, which is the emanation and radiation of Their Own Life and Light, over the lifestreams of the human race who were to embody upon the planet.

With the Archangels came countless legions of Angelic Beings Whose purpose in Being is to fulfill the Archangels' Will, which is ONE with the Will of the Father-Mother (God). The activity of the Archangels is diversified in the extreme, covering the fields of protection, illumination, love, perfection, consecration, ministration and invocation.

The great Angelic Kingdom came to our Earth primarily as Protectors, as amplifiers of the Virtues of God. They came to bring within Their Shining Bodies the remembrance of these God-Qualities from the Heart of the Eternal. They stand yet within the auras of men and women who are enmeshed in their own human creations and, thru the power of radiation, help them to continue to place one foot before the other, moving onward and upward until more help can be given.

The Angels evolve primarily thru control of radiation (qualified feelings of good). They learn thru the control of energy to become Cherubim, Seraphim, Archangels and finally Great Beings Who guard and protect planets, galaxies and large systems of worlds.

The Realm of the Seraphim is a Realm of Power and the Beings known as the Seraphic Guard are of tremendous stature and the most concentrated strength and determination.

They are Great Beings from six to fourteen feet in height.

They are the Guardians of Spiritual Forces and are always active with the Elohim in the building of planets and spiritual centers on various globes. They are both masculine and feminine and They are impersonal in Their concentrated Powers of protection.

They move in groups of seven, which is always the number denoting creation and of each seven Seraphim, one is the Leader Who moves in the foreground with the Three Pairs spread out in the shape of a V behind Him. When the Seraphim move thru the

15

heavens or the Earth's sphere, They emit a White Light and many a falling star and shooting comet that has been recorded by science is but the speedy progress of a group of Seraphim thru the upper atmosphere

The Goddess of Liberty:

At the time when the Sun of our system chose to create a Universe, twelve Great Being's volunteered to embody the Twelve-fold Nature of the Sun God and to become foci of the mighty virtues in the Electronic Belt around the Sun. I was One of Those. Our relationship to the Sun is to specialize in magnetizing, concentrating, and radiating one of the particular God Virtues. All Twelve Virtues are embodied within the consciousness and nature of Helios and Vesta. That virtue which I have chosen to magnetize, to concentrate and to direct, is the Virtue of Liberty.

The original Zodiac referred to these Twelve Cosmic Temples at' houses from which each One of Us, Who represent the Twelve Virtues of the Godhead, direct Our blessings earthward.

Our radiation pours fourth rays of Light into the Universe like those from the Sun itself. As the Planets circle the Sun in orderly sequence, the concentrated radiation and power of each one of the Twelve Virtues is intensified for a period of thirty of thirty-one days while the Planet is within the Temple of a particular concentrated ray Knowledge of the true Zodiac has been distorted. The consciousness of mankind has created those symbols which are nature expressions of Our foci. I am One (the Virtue of Liberty) who was fortunate enough to remain in the outer memory of mankind. During the month when the consciousness of mankind is focused upon Libra, the consciousness, radiation and power of Liberty flows through the Earth and nourishes the Liberty Flame within the soul and inner self of all mankind.

As the Earth passes around the Sun in the course of the twelve months for every thirty-day period, one of the mighty virtues plays upon the Planet and through the inner bodies of her people. When the original Cosmic Zodiac again comes forth and the Law allows, those of you who are wise, giving attention to the outpouring of that Cosmic Virtue can, within yourselves,

16

magnetize Liberty, Truth, of Purity within whatever House the Planet rests---

Beloved Mother Mary:

---The radiation which is given to mankind, and even to students, is much ingraded. For instance, around the Beloved Sun Itself stand the twelve Great Beings Who represent the Virtues, the Nature of God---and They are Beings of tremendous power. It is Their great Privilege and honor to soften the radiation and the glorious splendor of the Sun God and Goddess, so that even the Angels, the Cherubim and the Seraphim can receive that radiation into Their Beings without being over-whelmed by its presence.

Then the Cherubic and Seraphic Beings, the Archangels, in turn, soften the radiation of that splendor, and carry it from sphere to sphere, onward on its outward course to the periphery of the Universe. We, the Hierarchy that stand around Sanat Kumara and represent the Guardians of mankind, again take into Our own bodies that blazing Light and temper it, according to Our own nature, and offer it to the chelas who have become the most highly developed consciousness incarnate. These chelas throughout the world, in turn, embody Our Nature, embody Our Light, share Our consciousness, Our plans and designs, and then carry them to those lower on the ladder of Evolution.

In this manner the great glory of the Godhead, the Divine Ideas, the exquisite perfection of the Eternal, is gradually expanded, and Its Light, as It passes from Sphere to Sphere, is clothed in the atmosphere thereof, in the bodies of the Intelligences that dwell within it, and stepped down to a point where those in the sphere bellow may enjoy it without being overwhelmed by its presence.

Every great Evolutionary scheme has been carried to fruition on the loving wings of Angelic Host, Devas, and Builders of Form. They are the invisible expression of The Fire of Creation, which moulds and Light according to the directing intelligence of God Beings.

The Great Angelic Hierarchy, from the time immemorial, has served mankind and God and fully three-fourths of all accomplishment has been due to Their kind ministration and

17

selfless service. Because They serve in Their entirety, without human will of desire, the nature of Their Being is *obedience to Love*. The greatest happiness and delight of Their hearts is to plunge into any progressive constructive endeavor and give *all* of Themselves toward its successful fruition.

The Ascended Masters of Light and Wisdom Who have from time to time, guided the progress of the Planets and their people, are well aware of the glorious companionship, friendship, and priceless service of the Angelic Host, for no upward arc could be achieved without Their Presence.

Due to the intensely materialistic state of consciousness mankind has adopted, they have become callous toward the Invisible Dwellers in the Angelic Kingdom, which state of affairs has made Their conscious cooperation with man more difficult.

Through special dispensation, henceforth the Angelic Host shall become an active conscious part in mankind's worship, Evolution and progress toward perfection. They are the Harbingers of Good and always precede Divine Manifestation as They did before the Birth of Jesus, and as They are now preceding the full unfoldment of the Golden Age.

May I suggest that you train your consciousness to accept the Presence of the Angels in your Homes, auras, Sanctuaries, and the lives of those who seem dear to you, - we honor the Angelic Host from the small thumb-nail fairy, to the Devas Who stand larger than the highest peak of the Andes---. If you had worked with mankind as long as We have, you would understand the gratitude We express toward the Angelic Host, Who live for Love, Who live to obey the slightest wish of Our hearts, and Who make Our tedious and strenuous service to mankind more easy by Their generous and constant attendance.

The Brotherhood of Angels and men *shall* find expression on the Earth Plane and I would appreciate your accepting Their friendship *deep* in your *feelings and hearts*. By so doing, I can assure you - you will have powerful help in bringing into manifestation the secret God desires of your Holy Christ Self."

The Maha Chohan

When an Angelic Being has the conscious assistance of an individual on Earth, He utilizes the energies of his human companion as

18

an open door through which to reach into the human consciousness of a race, a nation of a people. Although the intricacies of the procedure would be too involved for explanation here, in the future the combination of an Angel and a member of the human race will do much to hasten in The Golden Age. Certain Angelic Beings, at present, are devoting all Their energies to the dissolution of the *Inner* core of the Forces of evil who plan deliberately to arouse the emotions of unawakened mankind, at various points on Earth----

Archangel Michael

Once, long ago - when She (Mother Mary) was a very small child and alone in that Great Temple, I look upon Myself the aspect of loving comfort to Her. Sometimes I would visit

Her little room at night, before She slept, and entertain as well as instruct that little One by telling Her stories of Our Kingdom. Then I would sometimes bring to Her tiny Angels, directing them in rhythmic "drills" and other manifestations of beauty and grace, right there on the counterpane of Her bed. You know She was only three when She entered that Temple and during the time of Her stay there, I tried to banish so me of Her loneliness and make a little happiness for Her.

---The coming age of Freedom will bring a tremendous at-one-ment between sensitive earth spirits and the Angelic Host, who will work hand-in-hand to heart in the

establishment of God's Way on Earth. Meanwhile, as these heavenly spirits are temporary exiles from the realms of Peace and Harmony, the creation and sustaining of an atmosphere in which they can find refreshments and peace is a great service that has as yet not been understood by the travelers on the Path.

In the physical Homes and gardens of people there could be set aside sections where everything could be made conducive to the presence and sanctuary of the Angelic Host - and those places would be highly charged by Their Presence and Their gratitude that any human being who steps within them would experience the ecstasy of the Kingdom of Heaven which is the natural radiation of the Angel.

In the East; in the South of France; in the Scottish Moorlands, there are certain old gardens and secluded spots in nature which, many centuries back, were dedicated by pure souls to the Angelic Kingdom and sensitive people can instantly feel these radiations. In the future, places like these will be natural healing centres - any lifestream can dedicate such a place and then take the responsibility of drawing and

19

Focusing the love of the Angelic Kingdom if he or she should so desire to render a service to these exiles of Love.

In the great Himalaya Mountains, there are way-stops for the travelers, where may gain rest and protection from the Forces of the elements as well as an opportunity of rebuilding their strength for their spiritual journey. In a like manner, these foci for the Angelic Kingdom must be established preceding their entrance and their stay in lower octaves of Earth - They Love flowers, natural perfumes, light and airy spaces, music and, of course, primarily *Peace*.

THE SUPREME IMPORTANCE OF THE HOUR

From out the centuries of darkness, the Planet Earth and Her People are now standing upon the threshold of a Light that shall never again recede, but will grow into the Cosmic Eternal Day in which the fullest manifestation of the potential plans for the Earth and Her humanity will be understood and made abundantly evident.

As the Great Cosmic Law requires the return of the Suns of the Solar System into the Great Central Sun of the Galaxy, each Sun begins to regulate Its centripetal Force in order to balance the planets belonging to Its system. The Planet Earth has been bended on Her axis for many ages, and is responding now to the magnetic pull sent forth from our Sun - from the hearts of Helios and Vesta - which Force is gradually straightening the axis. This is being done gradually with loving care so that the great polar ice caps will not be violently displaced, resulting in distress on the continental surface of the Planet.

Each of the seven planets of our physical Sun must be quickened to enter and sustain itself in the orbit of the graduating planet. Great Beings are delegated to the task of quickening the vibrations of these planets, and WE Whose responsibility rests with the

Earth - MUST prepare our planet and her people to vibrate at the rate of Venus' present Perfection. We are therefore, of necessity FORCED to reach mankind quickly... ALL OF THEM. And also SANAT KUMARA must be released for His Own Planetary Initiation. For this hour were you prepared, for this moment have we invested in you Our Love, Our Life, Our Radiation, and I SHALL EXPECT YOUR EVERY ASSISTANCE in the *Cosmic Push of the Hour*. Every other planet of Our Sun has already signalled 'ready'! Yet the Cosmos must wall on the Earth and We must soon have that 'go ahead' sign from the hearts of men. HELP US SPEED THAT DAY!

20

Signs of the New Dawn

The pressure of the Light is so great at this hour that it is enfolding the Leaders of all spiritual activities in the world. Criticism shall give place to Love, condemnation to praise, dogmatism to tolerance, and the domineering spirit to humility. "The wolf shall dwell with the lamb and the Earth shall be full of the knowledge of the Lord, as the waters cover the sea." (Isa. II: 67).

New Channels are being opened, not to substitute the old ones, but to assist them! Workers are coming to the front everywhere! Friends of the Great White Brotherhood are rising up from every direction. No man can stop the onrush of this Cosmic Christ Power releasing the Spiritual Currents of the Hour! They could not succeed if they should be so unfortunate as to attempt to breast the currents of the New Dawn. Never before as today, can it be more truly said of the Spiritual Leaders of the world and of all new channels; "By their fruit ye shall know them!"

The Light needed upon the Earth

Looking upon the Planet Earth with the inner sight, you will see great tides of what we call psychic or astral matter. Where are these tides born? From the mental and feeling worlds of the people on the Earth of the present day, as well as those people who have lived on the Earth since first the "laggards" came to Lemuria.

When individuals leave the Earth in so-called death, they leave their *effluvia* behind them, and it becomes part of these tides that represent all the qualities of imperfection; pride, arrogance, hate jealousy and all the other human qualities. These tides are definite strata of energy because everything in this Universe works on vibration, and as your saying is, "Water seeks its own level", so do vibrations of a similar nature seek its own level. Every hate vibration enters into that river of hate. Every jealous vibration enters into that river of jealousy.

Every obscene thought and feeling becomes part of such a river, and so on.

That is the atmosphere into which each soul who comes to Earth is born! In the re-establishment of the knowledge of the protective Tube of White Light, some of that pressure can be cut away from its connection with the lifestream. However, dwelling in secret in thought and feeling upon any of these destructive qualities, creates a *rent* in that protective Garment of Light so that the lifestream is again

connected with the mass tide of the particular quality, whether it is gossip, criticism, condemnation, depression or whatever it may be.

We are creating a channel or conduit of perfection from the Ascended Masters Realms of Light into the outer consciousness of unascended beings to assist them, but Our assistance will only be as efficacious as the protection which each individual holds around himself through establishing this Protective Garment or Tube of Light, to prevent these rip-tides from entering and distorting the service you desire to give. It is necessary to be alert to keep out the human tendencies that will try to break through this protection. Call many times each day for this protective Light because when you have had certain tendencies latent within you, you can unconsciously put a rent in your protection. This Garment of Light is especially needed when you are engaged in a very special spiritual endeavor for, "a chain is as strong as its weakest link!"

There is no unascended being who is not an incubator for some imperfection (which is your 'Achilles' Heel') which adds to the effluvia that has almost smothered the Earth. Therefore, go into the secret chamber of your heart and ask that those particular discordant vibrations in, through and around you be removed. Then you will have no open door for those tides that try to break into the continuity of the radiation and clarity of the instruction you are receiving, which is implanted in your outer minds and which through you, with the help of God, will be recorded for the people who are yet to come to our Earth.

CALL FOR PROTECTION OF THE LICHT

BELOVED PRESENCE OF GOD "I AM" IN ME, AND BELOVED MAHA CHOHAN; Clothe me in my Garment of blazing White Light; and seal me in my RING-PASS-NOT of Flame that makes and keeps me invisible and invincible to all human creation, in, through around or driven against me, now and, forever.

THE INBREATH OF GOD

The Great Central Sun, which forms the pivotal center of the galaxies to which we belong, has completed the *out-breath* in the great rhythm of cosmic creation.

The great Parent Sun of our galaxy, known as Alpha and Omega,

has in Its orbit, countless celestial Beings of such spiritual magnitude and developments as would stagger the imagination of the mortal mind. From among this tremendous select Court, there are chosen for the initiation of the Sun, Seven Pairs of Divine Beings at one time, and These Beings, in Their glorious cosmic initiation, are given the Crown, The Robe and the Sceptre by the Great God Parents and sent forth simultaneously to build, by the power of Their Own Creative Centers of thought and feeling, seven Planetary Systems.

After the seven Suns, with the assistance of the Elohim, have evolved the planets of Their Systems and have applied for and secured the Beings who are to have Evolution on them, they move downward and outward, until the first Sun has reached the periphery of the cosmic order from the Central Sun and the farthest point in the outgoing breath. At that time, a reversal of the currents of the Parent or Central Sun takes place, and the Suns are drawn back, together with Their planetary children in the same rhythm, into the Heart of the Father.

So far as Our Galaxy is concerned, We are now on the *in-breath* and this is why the initiation of the Earth and all the planets, are bent toward the fulfillment of the Divine Edict in the raising and redemption of the Suns, the Planets and the people as they return to the Home and Heart of Eternal Life.

DESCRIPTION OF THE GOD PARENTS

To describe the beauty of the Cosmic God-Parents of our Galaxy, would require a vocabulary of much more delicate perception than that presently enjoyed by man. These glorious God-Parents may be visualized as the fairest of the fair; Their Robes of Authority the purest shimmering white, Their entire Beings representing the apex of Embodied Light and Flame, softened and tempered by contour and outline that It might be enjoyed by others.

Those of Us Who have witnessed the initiations whereby a Pair of Exquisite and Perfected Beings were endowed with the Privilege of experiencing the creative powers of a Sun, are strongly impressed with the transfer into the hands of the initialed of the Scepter of Power, within which is vested the magnetic center of Love and the rhythm corresponding to the place which the Sun will have in the Solar System.

This is mystically connected with the heartbeat of all the lifestreams who will embody and mature in a particular Chain. It forms the magnetic pull that holds the souls within the orbit of that Sun and Its

23

Planets; It holds our Sun Itself in a proper and permanent location in the on-moving galaxy to which We belong.

When Our particular Sun Helios and Vesta sent forth the Elohim to build and create planets, each One was given a Scepter magnetized from that which forms the Cosmic Scepter of our System.

That Scepter remains with the Lord of the World during the entire time, the planet is peopled by evolving life. The Scepter for the Planet Earth \was in the keeping of Sanat Kumara until His return to Venus, and is now in the keeping of Lord Gautama and held within the secret chambers at Shamballa for the greater part of the year, being taken out on certain mystic occasions.

The Scepters which the crowned heads of Earth carry are symbolic of this Divine Authority which is manifest in the lifestreams who are the Guardians of the people, and the magnetic power that runs through the spinal column of every individual, is a replica of the vested power described.

If this Cosmic Scepter were removed from the Planet Earth, the bodies of the people would fly into space and the souls who are presently within the Realms of the discarnates, would be loosed into the Universe. You will see then, how very important is Its magnetic power!

It contains two cylindrical balls, representing the positive and negative aspects of Life's power. when It is placed upon the pyramid which holds It in repose, It is in perfect balance. One end of this great Scepter represents the gravity pull which in itself is a blessing to the unawakened. When it is reversed through the activity of the individual's own life, It represents the Ascension.

Through the spinal column of every man, both activities work constantly, the descending arc of electrical energy which anchors the body on the surface of the Earth, and the powerful ascending current which enables you to stand erect and move about, rather than be supine on the ground. When the activity of the life is more powerfully charged into the ascending arc, we come to the point where the gravity pull of Earth no longer can hold the lifestream and the Ascension is possible. For each person who comes to the point of ascending from the wheel of birth and re-birth to return no more, this Rod of Power is brought by the presiding Master and Its power magnetizes the rising current and assists in the actual cutting free the lifestream from the gravity pull of Earth.

24

ONLY TWO ACTIVITIES OF LIFE

There are only two activities of all life. It is so simple and yet so much has been woven into and around the study of mysticism and self-control. There is only the IN BREATH and the OUTBREATH!

There is the MAGNETIZATION (the inbreath) of the gifts and powers of the God Presence, and then Its RADIATION (the outbreath). Both of these activities take place at cosmic levels with regard to solar systems and galaxies and entire Universes.

We shall endeavor to show you something of this Cosmic Scheme in order that you might understand the place in which not only our Solar System but our Galaxy stands at the present time. On the OUTBREATH when creation takes place, the Central Sun of a system, breathes forth the Suns from within Its own Aura. Each Sun then in Its turn breathes out the planets destined to be part of the solar system.

This comprises an expression of the outbreath of Deity as regards a galaxy and a solar Universe.

At the end of a 'cosmic day', the Great Central Sun of that system, notifies all the Suns below It that it is time for the inbreathing of Their Planets, in preparation for the

inbreathing of all the Suns and Their Planets back into the Heart of the Great Central Sun.

The Great and Mighty Vesta, God-Mother of our Solar System (our Sun) has explained it thus:

THE GALAXY TO WHICH THE EARTH BELONGS

.. Helios and I belonged to a Galaxy much larger than the one in which We presently serve. We were a PLANET in that Galaxy and We were number four, just as the Earth is numbers four in relation to the Sun today."

.. Our Galaxy was headed by a Great Central Sun made up of two mighty Beings Whose Names have long, long gone out of the language of your Earth, but They come close to the sound of Elohae and Eloha, which infers the masculine and feminine aspects of the Elohim."

"This Great Sun God and Goddess sent forth twelve mighty Suns in a descending arc of creation and these twelve suns, as They descended, in turn sent forth from Themselves in a horizontal manner, twelve great Planets. Our System consisted of the Great Central Sun and Its twelve Suns, each Sun having twelve planets around It, making one hundred and fifty-six planets, including the twelve Suns. The

25

system to which the Earth belongs (your system) came from the Central Sun of Alpha and Omega and has forty-nine planets with seven Suns one hundred less than the system of Elohae and Eloha."

"Let Me repeat: You have the Central Sun from which Helios and I came, and beneath it twelve Suns. The Fourth Sun down was the Sun to which We belonged and was Alpha and Omega. That Sun in turn, sent out twelve planets in a horizontal manner and Helios and Myself were the Fourth Planet out from that Sun. This was on the out-breath, the Suns descending and the Planets expanding - the outbreath of the Godhead so far as the creation of this galaxy was concerned.

"On the inbreath, which is the point you are coming to now in your own Galaxy, the Suns began ascending, number twelve entering into the orbit of eleven, number eleven going into the orbit of number ten and so on, all the planets of that system also ascending one."

"We represented the fourth Planet in the Fourth Solar System and Alpha and Omega were Our SUN at that time. Alpha and Omega were the fourth Sun in that system just as Helios and I are the fourth Sun in Our present System. At that time all the Suns in our present system were ALL PLANETS!"

"Alpha and Omega were Our Sun; the first planet out from Them was Osiris and Isis; the second one Apollo and Diana; the third planet out was Krishna and Sophia; the

fourth planet was OURSELVES. The first movement on the inbreath drew Osiris into the heart of Alpha and Omega, and each planet moved in closer to the Sun one place - We moving into the third place in that system."

"In the next motion, We moved into the second place, then the first place - and finally We were assimilated into the Presence of Alpha and Omega who in turn went back into the Great Presence of Their Central Sun - Elohae and Eloha."

Causal Body around the Suns

.. What exactly happens to the Suns when They are absorbed into a Great Central Sun? That has bothered you somewhat. Around a Sun, or Central Sun, is a Causal Body something like that illustrated in the picture of the Holy Trinity. Around the Central Sun (or the lesser Suns) are what We call Electronic Belts and these are made up of the number of bands that represent the planetary scheme. All of the planets which belonged to That Galaxy, including Helios and Myself have the Causal

26

Body with the Twelve bands around it since that is representative of the System to which we belonged. We returned into the heart of Alpha and Omega, and Alpha and Omega ascended upward into the third, the second and first position beneath the Central Sun and then entered into the heart of Elohae and Eloha, the Central Sun of Our Galaxy."

"WE DID NOT JUST DISSOLVE! That is the thing that the student body becomes frightened about - becoming nothing through the process of absorption, BUT THAT IS NO MORE TRUE than you, as an individual, can become nothing through being absorbed into your own God Presence when you become Ascended!"

"In this great Causal Body around a Sun, whether it is a Sun of Our system, or Alpha and Omega, is of tremendous size. In It there are glorious Temples of Light and when the Sun Gods return with Their Own Electronic Belt, that is all the planets and Intelligences and Beings within them, They just enter into a space set aside in the Electronic Belt around that Sun and REMAIN as intelligent, conscious Beings; even as there are coming into Our Aura the Beings and all the Intelligences of Mercury. They will live within the Mercurian Temples within Our Aura."

"When We went back into the Heart of the Central Sun of Our System with Alpha and Omega, into the Heart of Elohae and Eloha, We had a choice! We could have stayed there and gone on into Cosmic Heights, or We could have remained in the joy of that magnificent Electronic Belt... Alpha and Omega and six other Suns (seven out of the twelve) applied to create a New Galaxy. That is why the Galaxy to which you belong and in which We are presently serving as your Sun, is smaller, since five of those Suns of the previous system, with Their Planets, decided NOT to experiment with becoming Great Central Suns and Creating a Universe in Themselves."

"Alpha and Omega were among the Seven Suns Who Chose to become Central Suns, and the Seven now serving under Them as Suns, were THEIR PLANETS when Alpha and Omega were just a Sun in that Previous system. So beneath the Central Sun of

Alpha and Omega is the first Sun of Osiris and Isis; the second Sun Apollo and Diana; the third Sun Krishna and Sophia; and the fourth Sun Helios and Myself!

Then the other three Suns bellow Us."

"This may seem difficult to understand but everything in this. Universe is a succession of experiences. First, you are a Planetary Lord,

27

Then you have opportunity to become a Lord of the Sun! When this course is completed, Alpha and Omega presently breathing in - Osiris and Isis will be the first Suns have returned home into the Heart of Alpha and Omega. When all seven of the Suns have returned into Their Hearts, we Hill then determine what size the next Galaxy will be, that is whether Helios and Myself decide to try and be a Central Sun, or whether We stay within the Heart of Alpha and Omega and work from there"

"Our original Galaxy which had one hundred and fifty-six planets and Suns is a minute galaxy! There are some that have thousands and thousands and you would need your late Professor Einstein to explain that"

"Once more let Me repeat; Alpha and Omega as one of twelve Suns in that Galaxy, qualified to become a Central Sun. In like manner, the other six Suns qualified to be Central Suns, and that is why today there are seven Central Suns in this cosmic Galaxy and not twelve, The Suns that now run down in our present system, were in a HORIZONTAL position out from Alpha and Omega when They were a Sun.

Beneath Helios and Myself you have a very strong Sun - Hercules and Amazon! Then you have a more delicate one, Aureole and Aurea; and the last one is Dawn and Luz, This one will be the last to return into the heart of Alpha and Omega when we have Our Cosmic Council and decide whether We, in turn with the planets of Our System, wish to create a new system,"

"Above Us are Krishna and Sophia with Seven planets out from Them, the first planet out being Illumina, the second Mazda, the third is known as Bella and the fourth is Venus."

"In our System there is Helios and Myself as the Sun and the first Planet out is Mercury, the second out is Aquaria, the third one is Uranus bellow Bella, and the fourth is the Earth, right bellow Venus."

"On the inbreath the first cosmic motion is horizontal to the left, so that the Earth will move into the orbit of Uranus; Uranus will move into the orbit of Mercury, and Mercury will be absorbed by Ourselves."

"In like manner in the System above Us, Venus will move sideways into the orbit of Bella, then onward into the heart of Their Sun, Krishna and Sophia, Venus and the

Earth will still be together, Venus above the Earth as now, because They both will move in one space.

28

"I thank you for as much comprehension as you have, Beloved ones. I want you to have this so you will understand that We are not talking as alarmists nor are the Great Ones when They ask you for assistance in the changing of the vibratory action of your worlds."

this is stepping up the vibrations. So you can see how essential it is that in some way We may convey to all mankind, and especially the student body, the necessity of acceleration of the electrons of the emotional, the mental body, the etheric body and the physical.

There are various ways and means of accelerating the vibratory action of your inner and flesh bodies. One of the greatest of the natural means is through rhythmic breathing, which the students have been taught to use in the Transmission of the Flame classes. I have been an exponent, devotee and Teacher of this for ages of time, because it is the rhythm of creation.

When you draw that energy into the Flame in your heart and expand it forth, you begin to come into harmony with the natural rhythm that is in all activities of nature; in the rise and set of your Sun;

the rise and fall of the tide; in the changing of your seasons - *that absolute, unbroken rhythm!* The Golden Ages when mankind had the greatest Peace, the greatest Illumination, the greatest bodily health, the greatest Opulence, were ages when the rhythm of natural life was *absolutely observed in breathing* and in every facet of expression.

The whole of the Law of Life is the rhythm of magnetization and radiation! If there is too much magnetization of power and not an equal radiation of blessing, you have broken rhythm, If there is too much blessing and ministration without enough magnetization of the power from the Source of all Good by which you live, there is depletion and exhaustion and all mankind's distress, disintegration, inharmony - etc.

In order to give your maximum assistance in this Cosmic Push of the hour and accelerate the vibrations in yourselves and expand them to all mankind, I ask you to make an extra effort to hold the harmonious rhythm in your voice, your work, your walk, your service, your adoration and your realization. This will enable Me to radiate through you My Comforting Presence and stimulate the Holy Spirit in all you contact.

And now, I give you the benediction of The Holy Spirit, asking that you remember to give Me your loving attention, remembering

29

always that EXAMPLE IS MORE: IMPORTANT THAN ANY PROFESSION OF FAITH!

THE MAHA CHOHAN

THE ACCELERATION OF THE VIBRATORY

ACTION OF THE PLANET

.. I AM" Vesta, come from the Heart of your physical Sun, which is the aura of My Beloved Helios and Myself. .. I AM" come at the directive of the Sun behind the Sun, to invest you, Beloved BRIDGE students, with certain authority, as you choose to accept it! Wear well the vestments which I place upon your shoulders for they carry the dignity and obedience of My Office.

It is important at this hour, as the purification of the Earth and Her Evolutions is taking place at an accelerated rate, that we have groups of chelas throughout the Planet Earth who are able and willing, to join with the Elohim of Purity and ALL who serve with Him on the Fourth Ray of Purity to take an active part in the speeding up of the vibratory rate of the Planet, which must take place and quickly!"

The Cosmic Push is gaining in momentums as Beloved Helios and Myself prepare to absorb the Mighty and Shining Planet Mercury into Our Hearts. We are ready, but the Earth is not and must be made ready to take Her destined place in the system!

On whom should We count, Beloved faithful chelas, but the lifestreams in whom the Beloved Ascended Masters Saint Germain and El Morya have invested Their energies thru the years, yea centuries - in preparation for this service. We know, dear earnest ones, that there are none among you who do not sincerely love these Beloved Friends. You will remember the great Love in Beloved Morya's Heart which prompted Him to come to Helios and Myself for assistance in the great task which is the responsibility of the Beloved Brother Saint Germain.

Surely you will all say "Yes, you can count on me for I am desirous of balancing the debt I owe to Beloved Saint Germain and Morya since They gave me the great Privilege of knowing of, studying and applying the Spiritual Law!" Ah, yes, the heart is willing and ready, BUT, I beseech you, dear children of God, *this feeling* MUST BE FOLLOWED BY ACTION!

30

To do this, you must prepare yourselves daily to be the Presence in action at all times. The Holy Christ Self is ready to burst the bonds of the limiting lower selves of each of you, to be the Christ walking the Earth thru your flesh vehicles white the Electronic Presence is about the Father's Business at Cosmic Levels. By allowing the Holy Christ Self to express thru you and direct your every activity, it is the Anchorage of the Individualized Presence in the world of form

As a simile – the Hand of God is ambidextrous, serving at Cosmic Levels and in the physical appearance world at the same time intensifying the Light at both levels.

To dispense pure water from a vessel, no other element can be added. In like manner, you must not color the Essence of the Pure God Energy flowing freely to and thru you and all life.

As a word of encouragement, I would like to say that your vehicles as We look upon your aura are much more purified than you realize, and by added calls to your own "I AM" Presence and the Ascended Masters can be vested by the Father with the responsibility of added service at this hour of great import, so the Earth and Her Evolutions can more quickly be made ready to take Her rightful place in the Cosmic Scheme of Action. You, individually, are more ready than your outer consciousness would like you to believe.

I challenge you to ardently and rhythmically put this Law into practice for a period of 30 days. At the end of that period, you shall experience such a buoyancy of feeling as has not been yours in this embodiment. CALL, CALL, CALL for your purification and that of all mankind and see the results MANIFEST IN YOUR OWN PERSONAL EXPERIENCE!

I now blaze My Flame of Constancy thru you and await your proving The Law, and you shall wear My Robes of Authority in great dignity and be My Representatives walking the Earth and serving in Cosmic Capacity white yet wearing flesh garments! It shall be My privilege to serve with you at all times, if you so desire! '

Vesta, Goddess of the Sun

THE SEVEN SPHERES

Thinking of God as a Sun, there are, surrounding and enfolding this Central Focus of Intelligence, Seven Mighty Spheres of Con-

31

sciousness, each one separated from the other by Its own periphery line which form the natural boundary of that particular Sphere. These Seven Spheres are called the Aura of God, each inhabited by Great God Intelligences, all intent on doing the Father's will to expand His Kingdom

The development and unfoldment of His Kingdom is accomplished by the realise of pulsating waves of His Own Divine Consciousness, within which are the Spiritual Patterns of all form and manifestation from the smallest blade of grass to the most brilliant star in space.

The First Sphere

The First Sphere represents the Heart of Creation Itself. The Great Beings Who form the Directive Intelligence of this Sphere are known as the Manus of the human race. The Master Who activates Their will in the world of man is called the Chohan of the First Ray (El Morya). It is His service to Life to carry the God Ideas and Directives from the Godhead into the Minds of those Beings in the Second Sphere Who clothe them into actual workable form in this First Sphere also abide the Seven Mighty Archangels Who

have volunteered to guard and protect the evolving human race. Here is born every idea, plan and blessing which will one day manifest in the physical world. Its inhabitants are Beings Whose service to Life is to embody those God Ideas and carry them on their outward course to the periphery of the First Sphere, and here entrust them to the warring Messengers of the Second Sphere.

What finite mind could conceive of the beauty, perfection, joy and happiness of these ideas! Here live the Cherubic and Seraphic Hosts, Messengers of the Most High, bathing in the Fire of Creation, embodying Its Essence in Their very Selves and then, begins the great Cosmic Ritual of Cosmic Precipitation of the Blessings of Heaven from Realm of Realm which will take Them in time to the furthest purest essence of Divinity within Their Shining Selves, They swing outward in Their Cosmic Course, carrying the Light of Heaven into the consciousness of the Beings in the Second Sphere.

The Second Sphere

The Celestial Inhabitants of the Second Sphere most lovingly receive the Cosmic Messengers and Ideas from God's Heart, assimilate them, clothe them in the form and of Their Own Great Light

32

and the Universal Light which forms the atmosphere of this Sphere, and They, in turn, pass onward to the receptive consciousness and atmosphere of the Third Realm.

In this Second Sphere, the God Ideas and Patterns of future greatness are into form thru the use of the Creative powers of the Higher Mind Force - thus the seed of the Father falls on fertile ground (Intelligent Individual Consciousness) and begins to take definite form in the world of Divine Thought.

The God Intelligence Who governs this Second Sphere is the Lord Buddha, previously known as Lord Maitreya, Who interprets the God Ideas from the First Sphere thru the formulation of World Religions and Faiths. Their Representative, the Chohan of the Second Ray, Lanto, further consolidates Their Cosmic Service thru the educational channels both of the Inner Sphere and the physical appearance world as well

So Great is the Wealth of the Father's Outpouring that this essence must keep rushing onward, clothed in intelligent thought patterns, ever desiring to give of Itself in rhythmic blessings. Thus the Third Sphere is alerted to receive of the Divine Outpouring.

The Third Sphere

In the Third Sphere, the glory and radiance of the Second Sphere has already clothed the Divine Immanence in thought patterns, so that it is better assimilated by the vibrating consciousness of this Realm.

These God Ideas are ensouled with Life and become living pulsating foci of " things to come." This is the Realm of the Holy Spirit under the direction of that Great Cosmic

Representative of the Third Person of the Trinity whom We know by the title of Maha Chohan.

In this Third Sphere, Life Essence is imparted to the thought forms descending from the First and Second Spheres. Until *thought* is clothed with the life thru the *feeling nature* it does not become a living, vital Force as far as expression in the physical world is concerned. Thus, the Third Sphere vitalizes all manifestations which will ever externalize on the Planet Earth.

The activity of the Third Sphere, like the prism, divides the Spiritual Rays thru which flows the radiation and gifts of the Third Ray and which then proceed thru the five subdivisions of this Great Ray into the physical world of form The Great Chohans of these Five Rays,

33

therefore, serve under the supervision of Their Overlord, The Maha Chohan.

The First Subdivision of the Third Ray is under the direction of the Chohan known as Lady Rowena. Her Cosmic Service to Life is to receive the blueprints or Divine Thought Patterns which contain within themselves world movements as well as simple individual blessings for the human race, and dividing them as to their subject matter and potential service to Life, She gives them to the Chohan in charge of the dispensation of those specific activities. These Chohans, in turn, project them from Their Sphere of activity into the world of form thru conscious or unconscious human intelligences who are open to Their Cosmic Impressions and Influence. Thus, Lady Rowena becomes the First Lieutenant and Representative of the Maha Chohan, and the step-down transformer of His energies so far as channeling the Blessings of God thru the proper facets into the world of form.

The Fourth Sphere

A group of Beings from the Third Sphere joins the Cherubic and Seraphic Hosts as They prepare to pass outward with the living embodied thought forms, into the Fourth Sphere of conscious Life.

Again a great diffusion of Spiritual Effulgence takes place, a richer radiation pours thru the atmosphere of the Sphere of Visitation. The Divine Ideas pulsate thru the Electronic Substance and are absorbed by any receptive consciousness within the Fourth Sphere.

The Great Chohan of the Fourth Sphere is known as the Ascended Master Serapis Bey. The developed thought forms of the First and Second Spheres, endowed with the Life of the Holy Spirit in the Third Sphere, finds its first point of contact with the individual consciousness of unascended beings in this Realm. The far greater majority of Divine Archetype (Individualized "I AM" Presence) dwell within this Fourth Realm. Here the God Ideas, Patterns and Designs, are received by these Christ Egos and developed by Them thru centuries of endeavor, and projected by Them into the world of men thru their consciousness and thru advanced pupils functioning in lines of endeavor similar to those being developed and perfected within this Realm. Those Ideas not ensouled by Conscious Intelligences in the Fourth Realm pass onward, carried by the Seraphic and

Cherubic Hosts and the Escort of Honor from the Fourth Realm into the consciousness of the waiting Beings of the Fifth Realm.

34

The Fifth Sphere

Within the Fifth Realm, the seed ideas of Father, particularly in connection with scientific discoveries, inventions and medical research, are scattered and received by the Receptive Consciousness of Those engaged in this endeavor in the Temples of Science that are active within this Sphere, and from these Temples they are directed into the minds and hearts of those selfless men and women who are working in these avenues on Earth. The Great Chohan of the Fifth Realm is known as the Ascended Master Hilarion, who was Saint Paul of Biblical days.

As the Fifth Sphere pulsates with the Essence of Godliness, we see that the blessings are no whit lessened, and that, even as we watch, the glorious energies await transmission into the Sixth Sphere to widen their circle of manifest expression.

The Sixth Sphere

Within the Sixth Sphere, we find the causative centers of the Christian Religions, wherein devotional and emotional worship are the particular fount thru which the Spiritual Energies are being released to bless the human race. Here dwell the Great Celestial Choirs, the Highest Heaven of orthodox thought, and from this beautiful Sphere flows the inspiration to those men and women who have responded to the "high calling" of religious leaders and who are "leading their sheep" to the best of their ability.

The Great Chohan of the Sixth Sphere has been the Ascended Master Jesus (but is now the Ascended Lady Master Nada) and thru the Temple Services, both He (Jesus), Nada and Mary, (Jesus' Mother), have bathed the Christian World, the Devas Who guard and protect the churches erected in His Name, and all who have accepted The Christ in the spiritual essence of Their Divine Christhood.

As the Cherubim and Seraphim make ready to bring the Blessings of the Father into the Seventh Realm, we realize that this is by natural destiny the periphery of the Kingdom and that the Third Dimensional World of today (physical appearance world) has sunk below the boundary line of safety.

The Seventh Sphere

It is to the Seventh Sphere and Its Great Chohan, known as the Ascended Master Saint Germain, that we must look for the contact

35

Between the outer consciousness and the Divine Patterns of the Will of God and His Messengers. The Seventh Sphere holds within Itself the etheric pattern of every

manifestation of the God Plan which has been lowered rhythmically thru the Six preceding Spheres, and which awaits expression in physical form. It is the First Sphere above the human octave of limitation and imperfection into which the soul ascends on its journey back to the Herat of God.

It is, therefore, the office and responsibility of the Chohan of the Seven Ray to provide a way and means by which mankind may again unite its consciousness with the Inner Spheres and become individual conductors of the Divine Perfection from these Spheres thru the consciousness of the outer self.

This Realm is literally "bursting" with all the good things that have been handed down from one Sphere to another.

Because of the resistance and refusal of the outer consciousness of man to accept the Divine Plan of God, the Etheric Realm has not been able to pass on the Blessings and Glories that have descended from the Higher Spheres, and thus complete the outgoing rhythm of creative endeavor. Any number of the human family may offer his consciousness to the Chohan of the Seventh Ray and ask that his individual self may be an outlet for the Blessings and Perfection contained within it.

Every man, woman and child that lives on the Earth today, or will come here in the future, has a Divine Presence, a God Pattern, an Archetype, that dwells in one of the foregoing Seven Spheres. Each such incarnate Lifestream is meant to be a radiating center of the Spiritual Force from the Inner Sphere where his "I AM" Presence dwells. He must understand that his own Higher Self is actually living and serving in one of these Spheres, developing certain God Designs thru Its Higher Consciousness, which awaits the receptivity of the outer mind in order to find expression in the world of form

The present characteristics of the individual, no matter how poorly developed, are indicative of the Ray and Sphere to which he rightfully belongs and as the individual purifies his own world he will raise the vibratory action of his being to its most powerful and perfect expression thru his personal self, and also become a radiating center of the Spiritual Force from the Sphere in which his "I AM" Presence dwells and which has a beneficent effect upon all life around him.

36

CREATIVE ACTIVITIES OF THE "I AM" PRESENCES AS THEY PASS THRU THE SEVEN SPHERES

From the moment that Helios and Vesta projected the Flame of the White Fire Bodies into the Universe (individualized God Intelligence) that Intelligence was free to pass thru the Seven Spheres and build into the Causal Body the colors of those Spheres, and prepare thru experience, to apply for the right to incarnate on the Earth.

When the Great Sun (Beloved Helios and Vesta), the God-Parents of this System, send forth the Spirit Sparks to rest within the Heart of the Planetary Silent Watcher, it is the service of the great Being known as the Manu, to call forth a portion of those Spirit Sparks at certain Cosmic Moments and take them on a journey thru the Seven Inner Spheres. These Spirit Sparks, working with the Manu and His Complement, take on the

outline, form and design of their Manu. That is why it is said that the Manu is the Divine Blueprint for each Root Race.

Seven Great Manus took the responsibility of drawing from the Planetary Silent Watcher a portion of Spirit Sparks which were placed within the Aura of the Silent Watcher by the God-Parents and remained there in company with their Manu, being developed until the cosmic moment came when a group of them were to be called forth into incarnation.

A Manu is a Perfected Being - a Being Who has already developed the Perfection of the Godhead and Who offers to a Sun of a System (in our case Beloved Helios and Vesta) to be the Guardians of a certain number of Spirit Sparks which will be drawn forth to embody upon a planet.

Manus are provided for the Seven Great Root Races who naturally belong to the Earth's Evolution. Each Manu is responsible for a Root Race and the Seven subraces belonging to it which come under Him.

Each Manu cannot be free, or does not choose to be free, until every member of His Root Race, and the seven subraces belonging to it, are redeemed and ascended into the God Perfection from whence they came forth in the beginning.

The Manu takes His entire Root Race thru the Seven Spheres and each lifestream is given the opportunity of choosing by affinity the Ray on which He will serve. The colors in the Causal Body are builded during this journey which takes millions of years sometimes; the Manu

37

giving full Freedom, explaining the Temples in the First Sphere, showing them the Exquisite Beings and the work that is done There.

. During the many centuries in which the new souls live at Inner Levels and are taken from Sphere to Sphere on their journey to find their own developed happiness and to find the Ray to which they wish to attune themselves, they are in constant proximity to their Manu.

When they finally come to the point of embodiment the Holy Christ Self that is developed within the heart, is a replica of the Manu Who called them forth. When they develop the fullness of that Holy Christ Self and It expands and fills the human form, each Root Race and Its seven sub-races will outpicture Its own Manu and His Complement (masculine and feminine).

Then came the day when those Spirits Who were to become the first Root Race, were touched by the spirit of adventure; They had seen all of the Seven Spheres stretched out before Them - Seven Magnificent Realms to which They might have access if They chose, unexplored as far as They were concerned. The First Manu was then summoned and They started on Their long journey thru the Seven Inner Spheres for the expansion of Their consciousness under His guidance and direction.

BELOVED GOD MERU:

THE Responsibility OF THE MANUS

The subject of the Manus has been in your mind and I would like to explain it to you. Manus have been provided for the Seven Great Root Races who naturally belong to the Earth's Evolution. Each of these Manus, Myself included, is responsible for a Root Race and Seven Sub-races which come under Him. Each Manus cannot be free - He does not choose to be free - until every member of His Root Race and the Seven Sub-races belonging to it, is redeemed and Ascended into the God perfection from whence it came forth in the beginning.

The first three Manus completed Their service because the radiation on the Earth was not yet polluted by the coming of the "laggards" from other Stars. Their Root Races embodied, Their Sub-races developed, and the people Ascended having completed, in approximately fourteen thousand years in each cycle, their Evolution.

HIMALAYA, THE MANU OF THE FOURTH ROOT RACE

When we come to the Great Himalaya, as the Manus of the Fourth

38

Root Race, we have many Fourth Root Race people and the successive Sub-races still in embodiment, so the Great Himalaya is one of Those Who is an Exile of Love, remaining in the great Himalayan Mountains and serving and blessing those individual lifestreams belonging to the Fourth Root Race and Sub-races who have not completed the Ascension. That includes any member of the Angelic Host who came out with the Fourth Root Race, any of the Guardian Spirits who came forth from other Planets at the inception of the Fourth Root Race, any elementals who became imprisoned at that time and all living things everywhere.

The Lord Himalaya is therefore responsible for the redemption of all of the mammals and the animal life, some of which is still in a state of suspended animation, beneath the cusp of frozen wastelands and is the responsibility and obligation of Lord Himalaya and His Lieutenants and chelas and unascended friends and those who belong to that Race to make that redemption possible.

VAISASVATA, THE MANU OF THE FIFTH ROOT RACE

The Great Vaisasvata Manus is responsible for the Evolution and restoration in a similar activity of the Fifth Root Race and all of its sub-races. It is My obligation, of course, to bring to maturity the Sixth Root Race upon the Planet Earth, including all of its sub-races.

MERU, THE MANU OF THE SIXTH ROOT RACE

The Seven Manus Who applied for the opportunity of taking charge of the Spirit Sparks were desirous of guarding these individuals who desired to come into embodiment on the Earth, and those who desired to come in as the Sixth Root Race were those whose

radiation in the Causal Body was predominantly gold in color. They were given into My keeping and then I, in cooperation with the Karmic Board and the Laws of Embodiment, was allowed to bring through the gates of birth the beginning of the Sixth Root Race and some of the Sub-races which are beginning to infiltrate the masses of mankind.

All of the Sixth Root Race and its Sub-races are not yet in embodiment, therefore My task is comparatively new insofar as redemption is concerned. My task and that of Goddess Meru is to reap, really, where others have sown because as Himalaya and the Vaisasvata Manu and All of the beings who belong to the earlier Root Races, all of the "Laggards" who are being called into action, and all of the student

39

body are purifying the atmosphere, more and more of the Sixth Root Race lifestreams can come in and they, of course, will be finer, more delicate of form, more beautiful and more attuned and developed.

They can be easily distinguished by any who has studied the Law of the Root Race, by the perfection of their form . They have the perfect oval face and mostly are Golden of hair and blue of eye with certain exceptions where We have chosen to give assistance to Himalaya through Oriental embodiment, and those individuals have taken in and Hill take on the features of the race into which they embody to help and assist Him.

THE VEHICLE THE MANU USES

The Manu Himself is a Perfected Being and utilizes a vehicle prepared for Him at the inception of His Root Race. This is a most delicate and subtle subject and one which cannot be dealt with to all mankind, but a Manu is already a Perfected Being, the Ultimate Archetype of the entire Root Race and all of the Sub-races, the Perfection which God the Father and God the Mother of the Almighty Universe desires to manifest through that Race. Therefore, such a One, contrary to previously presented instructions, does not Himself embody any more than the Avatar, but you have the Mystic Union, as you had with the Beloved Lord Divino (Lord Maitreya) joined with the consciousness of Jesus, the Christ, at the Jordan and the Two became One, so the Maitreya, through Jesus, might bring the powers of the Cosmic Christ to man.

So it is with the Manu. We have seen it written that the Manu Himself, takes birth. The Manu is offered by a very pure and beautiful pupil whom He has trained at Inner Levels, but who not yet ascended - He is offered by that one the preparation of a body. Then that blessed pupil comes naturally through the gates of birth, like Jesus did, and he holds within himself as clear and distinct as possible the picture of the Great Manu, his Teacher. That picture is also, closely held by the Devic Protector who stands around both the chosen parents, as well as the embryo as it develops and sometimes, almost always, the mother and father are aware of the sacrifice and the preparation and the Trinity - the Mother, the Father and the Child - prepare the cup and then, at a chosen time, according to the receptivity of the pupil who has embodied and, according to the

Cosmic Moment when the Manu is needed to be expressed on Earth, is the union made. Sometimes in that union the soul of the pupil departs and the Manu Himself wears that

40

body for as long as He may choose; sometimes the soul of the pupil remains and the Manu uses it only fleetingly, so that He can continue His work at Inner Levels and not be constantly concerned with feeding, clothing and performing the necessary tasks of sustaining a physical form

This, Beloved ones, is as clear a description as can be given to you of the activity of the Manu of the Race. I have seen one of the Manus take the form of the infant at the age of five. In the case of the Great Himalaya, the possession by the Manu was at the age of twelve. In My own case, I have not yet prepared My vessel. It will come when the Earth's axis is straightened and the great jungles and morasses and all of the reptiles, the insect life and vicious foci in South America are redeemed and transmuted and that continent becomes the beautiful paradise which it is destined to be. Then, again, the splendor and magnificence that we knew with the Father before the world was, will be manifested in South America and the Great Divine Director - Lord Saithrhu - and His Seventh Root Race and all its Sub-races will enjoy all of the Western Hemisphere as a literal paradise on Earth - Saint Germain's Golden Age permanently established.

LORD SAITHRHU, MANU OF THE: SEVENTH ROOT RACE

A Manu is a Being Who primarily has taken the great opportunity of moulding a great number of Spirit Sparks into a specific God design, to render a tremendous service when the time is required upon the Planet, where the Manu is to either embody or to send forth His Emissaries. As you know something of the Manus Who have preceded Me and Who are prisoners of Love, you know, also, that My Great Seventh Root Race must the fulfillment of the Divine Plan and Pattern for everyone of the members of the Fourth, Fifth, and Sixth Root Race and their attendant Sub-races at which time I shall be enabled to bring forth the First Sub-race of My Root Race. In previous eras when the Lord Manu made this initial impulse upon the Planet Earth, it was necessary for the Manu Himself to take an embodiment to hold an anchorage of the Perfection of Design, Personage, Activity and Service. Then the Sub-race, the strongest of course of the entire Root Race, first built the groundwork, so to speak, for the activity and service of that Era.

In Our Service, primarily, upon the Seventh Ray, you have been told that We have completed Our Journey through the Seven Spheres

41

and *We await* (in the Seventh Sphere wherein the Ascended Master Saint Germain, the Violet Fire Temple and all activities of the Violet Flame are) the opportunity to be called by the Karmic Board and allowed to send in some of the children of our First Sub-race. If they come in too soon, before the great numbers of the Fourth Root Race have returned Home, the Seventh Root Race has an entirely different Keynote, and Service to render, and so They are not always able to fulfill in dignity their mission.

I represent Their God-Father, you might say. In My case, I shall not embody because the Earth, through the assistance of the children of the Ascended Master Saint Germain and the tremendous calls for the Violet Flame is being purified enough, particularly of the disembodied entities and the removal, at the close of the Earth span of souls who would otherwise have to re-embody, and by the removal of the etheric records in the living and the so-called dead.

When it is of the hour of accomplishment, when the gates of Heaven do open, there shall come forth the First Sub-race, representing the Activity of the Violet Ray of Ceremonial, all equipped with magnificent voices, all able to both precipitate and levitate at the time of birth, with the knowledge of Their Heavenly Realm, *will no veil between.*

This great Race is due to come forth, for the most part, in the South American Continent, Although We have experimented successfully, with the inculcation of several members of the First Sub-race belonging to My Dominion in the North American Continent. We have chosen South America because across Brazil and all through that country which is now jungle, the Earth has had some time to rest. Ask for Me, or the Ascended Master Saint Germain, to purify that stretch across the Equator and give to Us a beautiful, verdant Earth which Lady Amaryllis Herself will adorn with beauty and clear up the human effluvia.

Within the very Earth itself, down to about fifteen feet bellow its surface, all through and across from Peru to where the Amazon flows out to Rio de Janeiro, is an activity of the Violet Fire established. This results (and you will see it in your papers) in a great number of poisonous reptiles and various effluvia being spewed forth in the Amazon and then out to the Ocean; and the Amazon will no longer be a flood of mud-tide but that beautiful sapphire blue which is the color of the waters of our Kingdom.

42

Our Kingdom, up where the Ascended Master Saint Germain is, is a comfortable and a happy one and we are a patient group of individuals. We have walled long, but now We are assured by the Cosmic Law that the First Sub-race will be given opportunity - some of them will go before Mother Mary in the month of May, 1961 - and I am quite sure that one or two thousands of these Beings will take embodiment in the North American Continent, primarily because as yet the South American Continent is not ready for them.

These people, as they grow to maturity, will be distinct from all other people which you have ever seen upon the planet Earth. They have hair which is amber of color and they do not look unlike the Beloved Ascended Master Saint Germain except that they are all blue of eye and have the Seraphic face, the slender figure, the long limbs, and tape red fingers. They will be artistic in the extreme. Drama will come to the fore again; only that drama and ballet and music will be presented to the masses through these dedicated Lifestreams, the pageantry of life as it should be lived. Much of the time which has been spent in the past in just enjoying, shall we say, the drama and the various media of entertainment to relax the consciousness, they will bring to a focal point the attention of the people. This is our endeavor and, of course, it will be accomplished according to the tenacity of the Spirit Sparks, who will take embodiment with My blessing and with,

course, My ever-present vigilance and protection. These, Beloved ones, will help the Ascended Master Saint Germain tremendously in His Service and Activity to Life.

As a Manu, there is One Root - and that has seven branches. It is like one tree with seven great branches, only they do not all flower at once. They flower, each one, starting from the left on to the right until the Seven Sub-races have found expression and completion. Then the Manu and all the Sub-races join together and. Ascend, even as they have descended before. This may clarify for you something which, perhaps, was confusing within the mind consciousness.

As for Myself, I shall materialize at the proper time. I shall not take on infant form but I shall materialize when the Beloved Ascended Master Saint Germain's Kingdom is established on the Earth fully;

when mankind, elementals and Angels are all joined together in harmony. Then I can bring in the great numbers of those mighty Beings whom I fathered and whom I Love and they, in turn, will enhance the perfection of that Golden Age.

43

The Service of a Manu is an eternal One. It never ends because when One takes that responsibility as Beloved Himalaya, Vaisasvata Manu, and the various One do, You are responsible for everything which they created in thought, feeling, word or deed. Therefore, the Beloved Himalaya is responsible for every bit of chaos back through the Ice Age in Asia; that is why He has asked again and again, and has been given assistance in the removal of those etheric records and the transmutation of those imperfect manifestations.

When We come to a Planet like the Earth, We know full well that it is Our Karma, enjoyed because We come equipped to handle whatever our Root Race and Sub-races do; We shall have to redeem that which is less than perfection. We have withheld for a time the First Sub-race of My Root Race for the very purpose of allowing the redemptive process to go on in all Root Manus and Their children who have been and are still upon the Earth.

It is My desire that My people, when they come forth, shall know, as the Holy Innocents did, only perfection on the Earth. I have loved them long and served with them long, and you will love them as you know them, too. We ask that each and every one of you be blessed by all the Love, Light and Power, and all the Wisdom and Understanding, and All the Strength which is in the Heart of a Root Manu Who Lives but to give to you, His children.

In regards to the Manus of the First, Second and Third Root Races, we know nothing. For the Fourth is God Himalaya, Who is still with us; for the Fifth is Vaisasvata, for the Sixth God Meru, and for the Seventh, which is just emerging, is Lord Saithrhu, - The Great Divine Director.

FORMATION OF THE CAUSAL BODY

The CAUSAL BODY of the new born Spirit Sparks from the Heart of God is PURE WHITE. Many of the individualized White Fire Beings and "I AM" Presences never leave the FIRST SPHERE and They are the Holy Innocents Whose Aura is Like White Flame and They embody the Divine Ideas of the Universal, and are willing to serve Life by projecting those Ideas downward, but in Themselves choosing not to know even the Glory of the Second Realm. *Those individuals forfeit the right to become, in some future era, Suns and Creators, preferring to live in Holy innocence and in that happy estate.*

The braver Spirits venture forth from the First Sphere and build

44

the Blue Flame of FAITH into Their Causal Bodies; some go into the Second Sphere and there They build the Golden Flame of WISDOM into Their Causal Bodies, learning to draw ideas into form and They work within those great Temples perfecting the ideas that are catapulted from the Mind and Heart of God. Many remain there and never go further, and They are the Divine Brothers and Sisters of the Golden Rube Who project the thought forms into the Third Sphere.

The more adventurous Spirits go forth into the Third Sphere and learn the activity of the Holy Spirit, and breathe into Their thought forms LIGHT, and these thought forms become living entities. Many Live within this Pink Sphere of blazing Light and go no further, embodied representatives of the Holy Spirit Intelligences that people this Sphere.

Some go further -- into the Realm of the BHIDGE BUILDERS, the Realm of SERAPIS BEY (the Fourth Sphere) where They can be summoned then into form. Here They identify Themselves with all the many various kinds of endeavors that serve mankind. Many remain within this Sphere (THE WHITE SPHERE) and choosing embodied Spirits, project musical compositions to the people on Earth as well as beautiful prose and poetry, exquisite forms of architecture, sculpture and painting and never choose to embody. They generate the directed beam from within, that some incarnate soul below picks up because he is sensitized and enjoys the same type of service.

The more adventurous still proceed into the Fifth Sphere, into the Temples of the scientists and the inventors and add the GREEN BAND to Their Causal Body, just as the advancing members of an army add the stripes and stars of accomplishment. Here They work with the inventors, doctors and men of research. Many remain within this Sphere, finding such happiness and joy that They go no further.

The adventurous continue on into the Sixth Realm where They join Those Who are interested in carrying the Nature of God into the world of form These Beings are the Power behind all missionaries, ministers, priests, rabbis and metaphysical teachers. Many remain within this Sphere and go no further and They add the RUBY COLOR to the Causal Body white They remain therein.

Each pulsation decreases the number of adventurous and bold Spirits. Some come into the Seventh Sphere of the Ascended Master Saint Germain and experiment with Divine Alchemy, and the Powers of

the Violet Fire of Mercy and Compassion, and direct the Angels of Mercy into the world of form. These individuals overshadow men and women who work particularly with the "fallen" in places of depravity.

Many of these do not embody.

ONLY THOSE WHO HAVE PROCEEDED THROUGH THE SEVEN SPHERES AND HAVE SELF CONSCIOUSLY CREATED A CAUSAL BODY WITH SEVEN BANDS OF COLORS WITHIN IT, CAN APPLY FOR EMBODIMENT ON EARTH. Then, if They are accepted, according to the band of color which is widest in Their Aura, They are drawn under the direction of one of the great Manus to which the affinity of Their Color and Ray will magnetize Them, and They become a candidate for one of the Seven Root Races and Its sub-races.

Those who are Guardian Spirits passed thru a similar period of experimentation in the Seven Spheres of some other Planet, Star or Sun, otherwise there would not be within the lifestream sufficient energy to warrant Earth-Life. You will see then that even the first people born on Earth, even the innocent souls, have had tremendous training at Inner Levels.

The Sphere that had the greatest attraction for the individual Spirit Spark and the one in which It chose to remain for the longest period of time, became the strongest radiation in that lifestream as well as the one which produced the most predominate band of color in the Causal Body. Thus it was that each Spirit Spark became, thru VOLUNTARY CHOICE, a member of one of the Seven Rays. It was purely Voluntary dedication of Its Life. No one issued the edict - . you are a First Ray man, or you are a Second Ray or Third.' Each individual Spirit chose, according to the Promptings of Its Own God Flame and this Voluntary choice determined under which Ray It would eventually develop. Only those Spirits who have passed thru the Seven Spheres and have drawn into Their Causal Bodies the seven bands of color have qualified for embodiment on the planet Earth.

During this time the Elohim had completed the Creation of the planet Earth, by focusing upon It a beautiful Fire Lotus composed of Their Seven Rays which, like a brilliant jewel adorning the Earth, was a signal to Helios and Vesta and the Cosmic Law that the Earth was now ready for habitation.

At the same instant, the Manu drew before Him all the Spirits Who had passed thru the Seven Spheres and chose a number according

to the momentum of energy represented by the bands of color in the Causal Bodies. He selected one out of three for incarnation, allowing the others to remain and wall for future opportunity. The Spirits in Whose Causal Bodies the blue color predominated,

proving They were members of the First Ray, were the first ones chosen for embodiment.

Thus the First Root Race was established upon the planet Earth.

The call then went forth to the other Stars and Planets in our System for volunteer helpers who would ad as Guardian Spirits to the Innocents who were to enjoy Evolution upon Earth. Guardian Spirits are lifestreams of more mature consciousness Who have successfully passed thru a similar process of spiritual Evolution on their Stars and Planets and sometime seven in other Systems. They came from Venus and from various Suns of this Galaxy, beautiful Beings who joined the Manu, saying They would be willing to go with the Innocents carrying the certain momentum They possessed which would assist this new race. All was now in readiness. The call for the descent upon the planet Earth went forth from the Beloved Helios and Vesta. The great Seventh Sphere opened and the descent of the Holy innocents began in orderly procession. Thus the Manu of the First Root Race and Its seven sub-races came forth, together with His pupils.

The Earth was created so beautifully by the Seven Elohim and the Sun of Even Pressure (known as God Pelleur) in Its (Earth's) center, sent forth a radiation that was visible as a soft glow beneath the Earth, the grass, the flowers and the seas. The flowers were like flames and there was no decay. At the end of its season of expression, each manifestation just disappeared.

Beloved Amaryllis, Goddess of Spring, Beloved Virgo and Neptune, Aries and all the Beings of Nature had created such a magnificent Earth that when mankind first embodied upon It, there was little difference between the Earth (in Its Pure Virgin State) and the beautiful Heavens (Spheres).

DESCENT OF THE HOLY INNOCENTS UPON EARTH

When the God-Parents (Helios and Vesta) gave into the keeping of the Seven Great Elohim: Beloved Hercules, Cassiopeia, Orion, Claire (Elohim of Purity), Vista (also known as Cyclopea), Tranquility (Elohim of Peace) and Arcturus together with Their feminine Complements the responsibility for the Creation of a habitable globe upon which certain intelligent Spirits might evolve to God Perfection, the Elohim

47

Projected from Their Own Heart's Light the convex Rays which formed the cradle or matrix for the Earth. Where these masculine and feminine Ray met the permanent Atom for the Earth was formed. This Atom container within Itself magnetic power by which the Universal Light was drawn into this spherical form and, with the cooperation of the Builders of Form, the Nature Devas, and the Directors of the Forces of the Elements - the sea, the Earth, the atmosphere (air) came into being with the Cosmic Fire interpenetrating all.

One Cosmic day the work of creation was completed and the Elohim signified to the God-Parents (The Sun) that the planet Earth was ready for habitation.

Three distinct types of Intelligent Life - Angels, man and elementals - were to be given opportunity to unfold their God Nature on this small Star, each contributing in some manner to the well being and progress of the other, and their combined Life-Force was ordained to weave the Spiritual bridge to tie the Earth to the Heart of God.

As kind and loving parents prepare for the coming of an expected child long before the advent of the infant upon the Earth-plane, so did the God-Parents prepare for the Guardianship, sustenance and protection of the evolving lives who were to be called forth to people this Star.

Mankind were to be given the opportunity to experiment with the creative centers of *thought and feeling*, and to learn to draw and mould energy into beautiful forms, becoming co-creators with their God-Parents and in time, builders of Suns and Stars of their own, in the ever widening circle of the rhythm of Life.

To sustain the bodies of mankind, the Elemental Kingdom was sent Earthward, charged with the fiat to OBEY the every direction of man, to make for him 'coats of flesh', to keep these in repair and to materialize out of the primal of Earth, air, water and fire the nourishment for the replenishing of his bodies, and the necessities and luxuries which would make his exile a happy and harmonious one.

These elementals were put under the direction of Great Nature Devas and Builders of Form, and as they served mankind of Earth, they were promised Evolution into the Kingdom of Directors of Elemental Life in the future.

48

To guard and nourish the Spiritual Nature of mankind and to help the development of the Inner Spark of Divinity into the Flame of Conscious Mastery, the Angelic Host was sent Earthward to stand by the side of mankind, radiating the Love, the Faith, the will of the Father into the atmosphere and aura of the evolving God Consciousness in every man

The Angelic Host was under the direction of the Seven Great Archangels Who came from the Central Sun of our System and abided within our physical Sun until the Elohim had prepared the planets which were to be Their charge out of the primordial and unformed Light Body of God. The Angelic Host, thru association with mankind and the Elemental Kingdom were promised that They, in time, might attain the estate of the Archangels and become Guardian Powers in Systems of Worlds yet unborn from the Consciousness of future Solar Lords.

When the Elemental Kingdom had made verdant the Earth with produce and beauty, and the Angelic Kingdom had filled the atmosphere with the stimulating Essence of Godliness, the planet was ready for the beautiful ceremony by which mankind was welcomed to the hospitality of a New Theatre of Evolution, filled with opportunity, promise, beauty and plenty. Then the descent of man into the world of form took place, a ceremony whose remembrance is written for all eternity on the sensitive of Akasha,

which will be revitalized and revived one day for the enjoyment and education of all mankind.

The Godhead charged the directed Ray into the Permanent Atom which was to be the magnetic power holding the lifestreams destined to evolve upon the planet within its orbit.

The Great Nature Devas of every mountain, sea and plain vivified the Life Wave thru the abundant verdant gifts of nature awaiting the coming of man.

The Angelic Host stood visible and tangible upon the surface of the Earth looking upward as the Gates of Heaven opened, and the First Ray, in a burst of Celestial Music suffused the Heavens with Its Lovely Azure Blue, and then formed a radiant pathway from the Heart of the Sun to the planet Earth over which the first sons of men might, in dignity, descend into embodiment.

Then before the eyes of the Silent Witnesses and Visitors from other planets and systems, there appeared in the Open Gates of Heaven the Presence of the Prince of the Heavenly Host, LORD MICHAEL,

49

The Archangel, wearing the Crown of Immortality, clothed in the Light of the Central Sun from whose Bosom He had come to guard and guide the children of Earth thru the centuries of experience in the life yet to come. The Earth, Itself, began to sing Her Cosmic Song, the Angelic Host poured out Their praise to His Presence at the coming of Their Lord, the Devas and Builders of Form joined the Spiritual Anthem with Their Majestic Overtones and the Sister Planets of our System added to the symphony of celestial sound.

Archangel Michael, Son of the King of Kings, Angel of the Resurrection of the God Nature in Angel, man and elemental came to insure the safe return of every son of man, every Angel, and every elemental at the close of the Cosmic Day!

Then began the Great Descent. Lord Michael sweeping Earthward along the Blue Fire Ray, which was anchored into the Earth in the vicinity of our present Rocky Mountain Range in the Northwestern part of the United States of America (Tetons). Behind Him with slow majestic grace came the Glorious Lord Manu of the First Root Race, a seven-pointed crown upon His Head, a mantle of Royal Blue upon His Shoulders; the embodiment of the Father God's Design for every lifestream who followed Him innocently into the world of form

Then began the descent of the innocents', the first group of mankind to be given an opportunity to embody and develop God Maturity on the Earth. One by one, or hand in hand, they came, following Lord Michael and the Manu, until the entire number designated by the Father for this first experiment in Earthly forms had descended, accompanied by myriads of Guardian Angels, the Protective Aura of the Seraphim and

the Light of the Cherubic Hosts Who carried the atmosphere of Heaven in Their Shining Bodies and effulgent Auras enfolding Them.

Thus, in great beauty, in limitless abundance, in the visible, tangible Presence of Lord Michael and the Angelic Host, and under the kindly guardianship of the Lord Manu Himself, the First Golden Age was entered into and enjoyed by the Sons of men. At the close of the Cycle, they easily and harmoniously followed their Manu up the Ladder of Evolution into their God Estate - Ascension - and the evening and the morning was the First Day. (Genesis 1:5)

Thru all the succeeding cycles of time, as Ray after Ray provided the Pathway for the descent of new Spirits, Lord Michael has remained

50

as the Guardian Over-lord of the Angelic Host, mankind of Earth and the Elemental Kingdoms, and He shall not fold His Cosmic Wings about Him to return Home until the final Angelic Being is freed, the last man is redeemed and the last elemental returned to its perfect estate. This is the Love of Lord Michael, who like many others, is a Prisoner of Love to the Life He serves. Thrice Blessed be His Sacred Name!

Thus, beloved ones, began a great pilgrimage which has continued to the present day. Thus walked out of the Heart of Heaven, Sons and Daughters of the Most High Living God, many of whom are now imprisoned in forms that are far, far less than the imperfection they should express. Do you not believe, then, that all this priceless energy and Life invested in you and others was for some great destiny? Then can you not be grateful to the God-Parents who created you; the Guardian Spirits and Angelic Host Who have protected you; the elementals that have sustained your body's life, as well as those members of the Great White Brotherhood Who have remained Voluntary Exiles from the Glories of Nirvana so that you may find the PATHWAY BACK HOME?

These lovely Beings, (the Holy Innocents) coming to our beautiful Earth, using the "I AM" Consciousness, look Primal Life and holding up the cup of their minds to their own "I AM" Presence, received the will of God in the form of ideas. Then they were able to mold those ideas into definite patterns and fill them with the feeling of Love.

Using the flesh body, they externalized them in the physical appearance world by the Power of Precipitation. They built on Earth even as they had built in Heaven. The First Golden Age manifested the same Temples, the same exquisite perfection that those beings knew at Inner Levels. There was not one in that Earth Cycle who did not complete the course of Evolution in perfect harmony.

The second Cycle was the same. The Beings in the Third Cycle then came forth. In the use of the "I AM" Consciousness, the natural activity of each day was to tune into the "I AM" Presence, BECA USE THE OUTER SELF AND THE "I AM" PRESENCE WERE ONE.

Each individual' tuned into' his own Presence and the Divine Ideas for that day flowed into his mind. So many magnificent ideas poured forth in one day that the outer self could not fulfill them all. The outer self chose those ideas which would be of the

greatest blessing to the Universe and EACH DAY THE OUTER SELF WAS ABOUT THE FATHER'S BUSINESS. It was all very beautiful.

51

Then CAME the human consciousness- that in which you live today and which has to be redeemed and transmuted back into your "I AM" Self again

COMING OF THE LAGGARDS (The Fall of Man)

When the God Beings first came to the Planet Earth, the Glorious Presence of God within each one filled the entire form that They wore.

The Immortal Three-Fold Flame was the garment of that Presence and was visible to the physical sight of all men. Angels, Gods and men walked together, no veil between, and labor by the sweat of the brow, disintegration and death, all those appearances were not known.

Many, many ages have passed since this beautiful Planet Earth was created, since the harmony of creation radiating out from the bodies of the Elohim added to the melody and Music of the Spheres. It is many aeons of time since the pure electrons were drawn by Love from the unformed and builded into a planet of such shining beauty that even the Sun in Its heavens did not exceed Her in Light and grace.

That was a gift from the Heart of Creation to the Evolution who signified a desire to learn to control energy in a world of form Flame flowers that never died, bodies that knew no disintegration of decay;

precipitation and levitation, the God Gifts of each embodied Spirit; the Presence of the Angelic Host visible and tangible to the sight of all, the mighty Devas, Ascended Masters and Guardians designing and living within the Temples of Light, the constant Companions and Protectors of a happy and innocent evolution - that is the Earth as It was given from God' s Heart and Hand to the mankind who asked for opportunity to embody upon the Earth. That is the Earth to which YOU came. That is the planet to which came the Great Lord Michael, with the first Mighty Manu, and settling in the heart of the Rocky Mountains, in Wyoming, U.S.A., drew the Power of the Elohim and created the first Spiritual Sanctuary and Retreat.

In the course of a natural Evolution, a process of fourteen thousand years, there should evolve the perfected consciousness of embodied Spirits, each Spirit spending two thousand years under each of the Seven Rays . . . The Great Cosmic Wheel turning once in that period. The First Ray, the Second, Third, Fourth, Fifth, Sixth and Seventh

52

Rays nourish the seven spiritual centers in the soul and consciousness for two thousand years in consecutive order, and at the end of fourteen thousand years, EACH

INDIVIDUAL IS SUPPOSED TO BE A GOD MASTER OF ENERGY AND VIBRATION HERE IN THE PHYSICAL APPEARANCE WORLD.

But where fourteen thousand years should have sufficed the Cosmic Wheel has turned THOUSANDS OF TIMES without drawing to maturity many of those who belong to the Evolution of this planet and those who are the guests of the planet having come from other Stars. This alone has made the planet very recalcitrant. When the individuals (laggards) came from the other planets they delayed the progress, and as children have to repeat a grade in school over and over again, so did the souls of men have to continue to expose themselves to the turning of this Cosmic Wheel.

Now the first three Root Races DID complete their Evolution in that period of time of fourteen thousand years BEFORE THE COMING OF THE LAGGARDS TO OUR SYSTEM.

Then the Earth offered to accept certain lifestreams who had not attained the development required to progress with their own planets and, Systems. Those Systems had to move on in a great forward push, similar to that which the Earth is going to experience with the next twenty year period (several years of which have already elapsed); The WHOLE CREATIVE SCHEME has been delayed because of these 'laggards'. The Earth and Her Evolutions being of a more condensed (and therefore slower) vibratory action than successive Systems, offered to take on these 'laggards' hoping by contagion and by pressure of PURITY within the Earth's people and their Guardian Spirits, to redeem these 'laggards' quickly. For a hundred years the priests and priestesses in the Temples made continuous application for the protection of the consciousness of the masses against impression and contagion thru proximity to those recalcitrant ones of any ideas that might register within the consciousness of the Earth people, which, up to this time, had seen and cognized nothing less than perfection.

Now, have you thought about how those laggards came to enter the Earth's atmosphere? They came thru the pure bodies of women belonging to this perfect, harmonious, innocent Evolution who offered to give these souls an opportunity for embodiment upon the Earth.

53

These women were chosen for their tremendous spiritual strength - so that the body elemental of the laggards and the heritage of good and evil tendencies might be mitigated by the pressure of the mothers during the period of gestation and early Earth life.

So these individuals were born of woman and it was one of the greatest sacrifices known in any Galaxy - the acceptance into their physical bodies, their consciousness and their Homes of these individuals, whose emanation was such that it has drawn the Earth to its present position today. Here, dear ones, is the point where you deserted your Beloved "I AM" Consciousness. When these laggards, after birth, grew to a certain age and the Holy Christ Self had to release a certain amount of their karma, they began to create in thought and in feeling (secretly) forms of an impure and distorted nature. That

began to spread, and, like smog over a city, it became absorbed into the atmosphere and was picked up by the more sensitive consciousness of the Innocents who were accustomed to drawing only good from the "I AM" Presence and from It externalizing Divine Perfection. While the temptation could have been repelled, and the mind and feelings not accept or entertain those thought patterns and feelings - some among the race (in secret also) opened their consciousness to those thought patterns, allowed them to play in their feelings until finally there began to be externalized in form the beginning of the mass human imperfection (Maya).

Curiosity - rebellion against holding true to the Divine Pattern and the use of thought and feeling in the creation of imperfection began the building of what you call the soul around the Holy Christ Self. It is a consciousness apart from the full Purity of God. The first thought that a man had that was imperfect and impure, energized by a secret feeling, was a cause, which, when sent out into the atmosphere, created an effect. The effect, like a boomerang, came back into the consciousness and made a record. That record was the beginning of an impression.

That energy sent out in a certain manner affected the Lifestream in such a way that there began to be created a shadow between "I AM" Presence and the outer consciousness of man. The individual, endeavoring to contact the "I AM" Presence would find these tramp thoughts and feelings interfering in the line of contact, until more and more imperfect grew his creations. The conscious use of thought and feeling was temporarily lost and finally those centers got completely

54

out of control of the "I AM" Presence and Body Christ Self and acted independently. Anything of imperfection the individual sees and registers in the mind until it becomes energized by the feelings and becomes form is what you might call a "frankenstein" creation.

Thought and feeling, acting independently of God, and dwelling upon imperfection create unhappy conditions which (forgive Me) you live in for the most part today.

Thru the ages the creation of thought forms, the energizing of the *thought forms by feeling*, and the action that follows thru the flesh has built an impure etheric consciousness. The soul is the accumulated consciousness of your experimental use of Life in action, reaction and tendencies. The habit and nature of your soul is determined by how you have used Life and how Life in turn has reacted in your experience age after age. Your soul endures in embodiment and out of embodiment. Your soul will continue until it is transmuted by the Immortal Victorious Three-Fold Flame in your heart at which time no longer is there this shadow self (the personality) which imagines it is real and, thinks and feels apart from the Holy Christ Self! Your soul works thru each personality that you use. Today you have a name, you were born into a family, you live (if lucky) three score and ten, then you pass away as a personality, and that is no more, but *the soul of you*, in the etheric garment, influences each personality that you wear, and if you were to look at an unbroken stream of your lives, say a hundred of them, or more, you would find that the soul in each personality has more or less followed the same pattern.

Now, we have to *transmute millions and millions of these masquerading personalities in the matter of a few short years*. We are, therefore, endeavoring to teach you how to enter again into the authority of your own "I AM" Consciousness, draw Primal Life, get the directions from your "I AM" Presence and transmute the thought and feeling patterns of your soul with their etheric rumblings and tendencies. Then in the mastery and control of your own Life you must begin to build anew as your God-Self would have to do until there are not three - the personality, the soul and God - BUT GOD ALONE - and you are re-instated once again as the "I AM" Consciousness - master of thought, feeling and action; absolutely non-recordant to the impressions of the outer selves of others, the impressions taken in so easily by the senses, dwelt upon in secret and externalized in those vicious conditions of the etheric body that manifests as disease of the soul, mind and flesh.

55

Now to go back to the 'laggards' who are the cause of the condition in which the Herat find Herself today. The first Golden Ages are referred to as the time of the Garden of Eden when no lifestream used energy to create a discordant vibration and the Earth was as harmonious as the Heavens. The peoples on Earth during the first Three Golden Ages completed their fourteen thousand years on the Earth and never know discord that all.

When the souls, spoken of as the 'laggards' came from the other planets and systems, what were they? They were Consciousness just like yourselves, consciousness with the capacity to think and feel evil as well as good.

GOD' S DIVINE PLAN FOR ALL

The Divine Plan for man is that he became a Master of Energy and at any point in the Universe. In order to do this, he must realize that all energy used in thought, feeling, spoken word and action, must be maintained in the pure state in which it issued forth from the Heart of God. Man is an embryonic God, and the original Plan was that man would attain his perfection and become Master in the cycle of 14,000 years. Since the fall of man, this period has become very much extended, and although many have attained this perfection in the Ascension, many thousands still remain, and until these indicate a willingness to set aside their own impurities and step upon THE PATH, the Earth' s Evolution is being seriously delayed. In this regard It should be recognized that nothing in the Cosmos is static. Planets, and even Suns, themselves, must evolve on a plan toward a mighty Goal of PERFECTION. Today the Earth is moving swiftly toward such a period of Cosmic Initiation, and those who will not agree to purify themselves sufficiently to be able to take part in this great moment, will find themselves in the same position as the laggard souls did so many centuries ago. Of course, it is a quite feasible assumption that those same souls are the ones who refuse to purify themselves today, but the unfortunate part of the matter is that they are influencing so many others who could reach to great heights if allowed to assert their own God-given free will concepts.

THE ASCENSION AND NIRVANA

When man reaches the point in his Evolution where the material things of Earth tend to lose their glamor, and he begins to reach out in the direction of Spiritual Enlightenment, at that moment he steps upon

the Pathway to his Ascension. When this Ascension is attained, he has then reached the Goal of his Earthly Evolution. He then becomes ONE with his own "I AM" Presence; and therefore ONE with the Godhead Itself. He is Master of all energy and , and is free to travel the full extent of the Cosmos. However, this is not the end of his Evolution.

From this point, he commences a new period of Evolution as a God Being in which he may become even a Sun God in himself whereby he World command the energies of a planetary system and its inhabitants.

The state of consciousness beyond this point in the Evolutionary scheme has been termed "Nirvana" which is oftener referred to as .. a state of highest bliss." However, it must be clearly understood that this state is an expansion of individuality, and once attained, may be renounced for the purpose of giving greater service to Life.

THE BELOVED MASTER JESUS

(Editor' s Note: Since the celebration of Christmas is symbolical of the birth of the Christ consciousness in every man, bringing It' s gifts of Live to bless all life, we offer the following address by the Beloved Master Jesus on that consciousness which He attained in His Earth life and which is possible of attainment by all.)

Beloved Children of Life, Beloved Children of the Father, Beloved

friends of many ages! You are those with whom I have shared so many pilgrimages, stood before so many shrines, worshipped at so many altars in the long course of Evolution. You have been seeking the Kingdom of God, the right use of the energy of life and the return of the self conscious mastery. Within the heartbeat this mastery is part of the remembrance of the days before the shadows fell on Earth, when men and women walked in Freedom, dignity and mastery. The use of life was consecrated and dedicated to widening the borders of that ever expanding Kingdom of Heaven and the weaving into the pattern of form of the magnificent perfection known at inner levels of consciousness.

The restless, surging energy which propels the soul on the search for Truth is motivated by those memories of the divine mastery and dignity, to which each individual consciousness was born and to which some day each consciousness must again return.

I wish to convey to you through the spoken word a portion of My consciousness which throughout the ages you have sought. That consciousness overcame the shadows, limitations, chains and appearances of the world *through confidence* and trust in the power of God!

It is that confidence which comes through contemplation, through application and through the dedication of your vital energies until no longer do your feelings swear

allegiance to the shadows; until no longer are the energies of your auras set into turbulent motion by those frightening appearances (in truth these appearances have no more power than you give unto them); until each one of you comes into the full maturity of your own Christ consciousness. Such Christ consciousness has overcome all sense of allegiance to the appearances that frighten, distress and disturb the mankind of Earth.

One such man anchored in feeling in the all-power of God is enough in any age to transform the energies of the masses. It is to educate and develop within your feelings that surety, that conviction, that the power of God invoked does act without fail, that We come again, again and again. In each such visitation We anchor a little more of the fire of Our worlds through your feeling worlds, your mind consciousness, your etheric bodies and your flesh.

After such a visitation, there is another portion of the energies of your various vehicles that is permanently God qualified and God consecrated and that can never again be qualified with The creations of the human octave.

Wise is he who places his consciousness within and who presses his bodies against the living Presence of the Masters of Wisdom and through contagion absorbs into the energies of his being that confidence and faith in the power of the Almighty!

To you who cling so strongly to the belief of the ages, it seems a slow process, this transmutation, *this manifestation in works* of that which your consciousness *grasps mentally*. Believe Me, however, the weaving of the chains and the drawing of the energies of limitation into your worlds has been an exceedingly slow process too. It has engaged the free will of your life and the use of your faculties for millions and millions of years.

Therefore, be not discouraged in your first endeavors to set the worlds of your consciousness in order, to drive from your individual temples the many lurking fears and doubts, suspicions and uncertainties.

If you could see with the inner sight the centuries upon centuries that your lifestreams have spent in drawing those unpleasant visitors into your temples, you would rejoice that you are finding Freedom and

58

access to the Kingdom of Heaven as speedily as you are.

Mankind so loosely accept blessings. Even here bellow, the blessed Forces of the Elements that have served so ceaselessly through the ages have received in return scant thanks for their constancy. Without their service mankind could not have survived in the effluvia of their own thoughts and feelings.

Still less has the Source of all light, (the Father-Mother God) received the gratitude from those who use His life so freely, pressing it through the senses in the wanton use of free will, in the enjoyment of every passing pleasure. People have such happiness in the use of life, yet loving life itself so little that neither reverence nor gratitude has gone

to the Source which has sustained that life and that Individualized consciousness for millions and millions of years on this Earth alone, not to speak of those aeons of time before incarnation on the earth was a manifest fact.

Mankind must come to an understanding today that the Source which supplies life, which gives intelligence, which endows each separate consciousness with free will, has a purpose in such an investment! Mankind must come back to its Source and, bowing the knee before It, ask for revelation as to that purpose. Then in humility, in gratitude for opportunity, *proceed to weave out of their own lives the fulfillment of that purpose!*

Wherein is man's merit in doing the Will of God, the God from whence life itself has come? Oh! the joy that should be within the hearts of those who have even a mental concept of the Divine Plan!

How willingly and joyously should the energies be consecrated to the fulfillment of that plan, to the exclusion of all personal interest! To think that in the course of one short Earth life, the iniquities of millions of years might be wiped out, should be a cause for tremendous gratitude. How wonderful to know that in one life of gratitude in action there can be fulfilled the purpose for which individualization and sustenance of consciousness was ordained.

Until mankind comes to this day, they shall not know happiness, they shall not know Freedom. Those of you who have forsworn the world of pleasure; those of you who have returned to the feet of the Masters; those of you who have woven your energies through these years into the creation of these magnificent forcefields, are most fortunate among men and women, most fortunate that the vow which

59

You look before the Source of all Light, is being fulfilled through your energies. At the close of this Herat life, when you stand again in the Halls of Karma you may say, "I have fulfilled my purpose. I have fulfilled my vow. I have therefore returned with my sheaves of accomplishment in my hands." You will hear the words of the Father "Well done, thou good, thou faithful servant."

Believe Me when I say, nothing matters on this Earth except that you made that record, that you hold those sheaves within your conscious hands and that you have endured unto the end; that you have waited the summons of your Presence and passed yet in active service into The Realms of Light! . . .

Your service is a Voluntary one, Children of God. No one asked you to come and no one asked Me. No one asked the great Saint Germain or My Holy Mother to come-only the Love of Life, the Love of God and the desire to see His Kingdom come prompted any Lifestream to bend the knee before the Karmic Board. Only such Love could take a vow to render a more than ordinary assistance; to bear a more than ordinary cross; to expiate karma not one's own and to abide in exile on a planet groaning on its axis!

Remember, *love prompted you to come and love must bind you together while yet you here remain!* While that love for God beats strong in your heart, that love fills your feelings for the Master and that love passes through you for your fellow worker and your fellowman, you are secure! when that love turns to bitterness, to resentment, to rebellion, to spiritual inertia, or spiritual depletion, then within the privacy of your own hearts and rooms, call for the spiritual vitality, call for the spiritual assistance from above. Let it return to you that warmth, that joy, that enthusiasm which you knew before you took an earth body, when you stood with Saint Germain in the Freedom of the inner levels and saw a planet God free. You then saw men and women in Freedom's robes; no sickness, no disease, no death known. More than once in the course of an Earth Life is it necessary for Cosmic vitality and the infusion of spiritual energy to sustain you. No man is complete in himself. The great and mighty Archangel Michael, the Beloved Gabriel, the Beloved Raphael, all the members of the Archangels sustained My Mother, My Father and Myself. During that night in Gethsemane, the presence of the Archangels gave to me the courage to renew My vow! When I was all alone; when those who Loved Me best were sleeping; when the future held another sweet springtime, the birds

60

sang sweetly and the early flowers were blooming, the salt spray from the sea was in My nostrils, and the vital fire of a body that never knew illness was invigorated by the pulsation of resurrection, then I choose to give that life!

We see, un-better than you know-We see the individual depletions and renewals! I but ask you to remember that as I received assistance, so may you! Wise are you that abide within it! Wise are you that expose your souls and spirits at every opportunity to the spiritual vitality that flows from the Archangels through the Earth .

After the passing of My Father, one of the most difficult of My experiences was leaving My beloved Mother and making that pilgrimage into the heart of Asia. There I met the Being Whom you know as the Divine Director. There I dwelt with Him, learning to measure in My Own consciousness and make My Own, the few short affirmations which He gave Me. One of the lessons which passed from His mighty consciousness to all of Us who gathered round Him, was that no prayer or mantram, as He called them, *no decree had efficacy unless the consciousness within itself, in feeling, both accepted and understood the truth affirmed.*

We were taught there the power of mental concentration upon the mantram which was Ours to use and We were asked through the energies of Our Own forcefield, Our Own auras, to draw forth the truth of that mantram until it was visible to the Guru. We were not given another application until every fibre and cell of Our beings confirmed Our affirmation and We had made it Our Own in practical, manifest fact.

Some remained for thirty or forty years working on the phrase "I AM THAT I AM." Some remained an entire embodiment upon "I Am the Resurrection and the Life." There was no favoritism. There was nothing that could forward Our progress except the externalized truth which was contained within the portion of the Law which the Guru gave to us. He gave it to us sparingly as though the breath of life contained within that aphorism could never be used again until the Kingdom was at hand!

Mankind and the world does not realize the reverence with which the great Masters and Teachers, the Sages and Saints, treat life.

Mankind that devours truths, digests them little and makes them not their own, has much to learn about the disciplines that accompany the

61

development of consciousness within the Retreats of the world.

Many, many who applied to the Divine Director were not even given a single worded expression throughout that embodiment, for that great Being did not feel that their Light and consciousness warranted the investment of His energies and the corresponding responsibility which would enter the world of the student, if he could not make the truth fact!

These aspirants sat within the aura of the Master throughout an entire embodiment, just content to touch the hem of His garment (aura). They were content to feel their own weak spiritual energies flowing upward on His constant upsurge of adoration and devotion to God. They were hoping that perhaps within their own aura some day of hour there might be kindled a magnetic spark which would draw even a flicker of interest from His eyes, a nod of His head of the benediction from His hand, and genuflecting to the ground when such recognition was accorded them without a spoken word.

For Myself I joined those pilgrims with no announcement. I sat with the others in the nameless circle and the Master in deep contemplation and meditation, made no sign that He knew of My presence. I was not heralded as the Messiah, of singled out for favors. I was to rise or fall like any man or woman on My own Light. I would not have wished to have it otherwise! *When mankind and students who strive for 'place' come to an understanding of this, their hearts will know peace.*

The moment the pupil is ready, the Master appears! The moment the pupil is ready for more knowledge, the knowledge is given. The moment the consciousness is ripe, the fruit is plucked. The moment the Earth is tilled, the new seed is sown. We, Who seem now so prolific in sowing of Our seeds, do so because long after your world cycle is completed, and you stand in the God-free realm, there will be man and women who will base their life upon this Law. As One who look so eagerly that single phrase "I Am the Resurrection and the Life" so grateful that I had been accorded the privilege and the honor of receiving from the lips of the Guru some workable knowledge to make My Own, I say to you who are so blessed, receiving this instruction without limit, *you would be wise to reverence the gift and counsel given.*

Forty-eight hours after I had received that affirmation "I Am the

62

Resurrection and the Life" as you know, the fullness of My mission was revealed to Me and I had accomplished the purpose of My visit, I shall ever be grateful to that Blessed One Who gave Me the *key*. Remember, however, I prepared the soil for its sowing and after it was given Me, My The had to nourish and develop the plant and the harvest. When I left there was no farewell. The circle of hopeful ones did not even know one pilgrim was removed from Their midst. The Master did not even open His eyes of gesture. All the way back across the hot sands of India, across the rough stones of the hills, I rejoiced over and over in the richness I had received from the Being, in that phrase alone-" I Am the Resurrection and the Life," I builded from it a ministry that stands today as a manifest example that it is not necessarily the amount of knowledge but the application of the knowledge given which brings results-themselves a proof of Mastery and freedom to mankind!

Take not these words and this instruction lightly! Take it home, into your consciousness and into your heart. Weave into manifest form around you an aura so that your Guru looking upon you will say "this student is ready to be entrusted with more truth, with greater powers, with a deeper understanding of the Law"

THE LAW OF FORGIVENESS

TO call upon the Law of Forgiveness is to comply with a Divine Edict whereby an individual may obtain remission of his own personal transgressions of the Law of Life or that of any other part of Life for which he cares to call it forth. The application of the Law of Forgiveness is simple in the extreme for it is merely the purgation of the soul of all imperfect karma preparatory to the complete submission of the outer self to the Holy Christ Self within, The student should first invoke the " I AM" Presence and then one of more of the Divine Beings on the Seventh Ray, which is the Ray of Mercy and Forgiveness, and then ask for the transmutation of all imperfections, known or unknown, into the perfection of some God Quality or Virtue, The Law of Forgiveness should always precede any form of decree work either by an individual or by a group.

THE VIOLET TRANSMUTING FLAME OF PURIFICATION

This is an activity of the Sacred Fire qualified with the God Power of Transmutation. It is a gift to the people of Earth from the Ascended Master Saint Germain as are all of the activities of the Seventh or Violet

63

Ray which is to be enfolding Presence of the NEW AGE for the next 2000 years. Transmutation means the replacing of one by another and this exactly what the Violet Fire does - it replaces imperfection with God Perfection. It also sublimates (refines by Fire)all that is less than perfection. The Violet Transmuting Flame may be invoked by the students and blazed thru his soul, his being, his world and his affaire to bring this God Perfection into everything with which his associates himself, and it may also be called forth into any condition that he feels requires this service - whether it be local, national or planetary.

The Cosmic Wheel, which allows the play of certain Spiritual Stimuli upon the Earth and inner bodies of Her people, has one complete revolution in every fourteen thousand years. During this time each of the Seven Rays is given two thousand years of opportunity to play upon Earth and give the nourishment and love of Its particular quality to the evolving life upon It in order to unfold the spiritual nature of each of Its component parts.

The Cosmic Cycle is divided into minor cycles of two thousand years, each one under the direction of a Great Being especially dedicated to a particular quality of the Godhead necessary to the evolution of the Earth Life for that period.

These Beings are called Chohans of the Rays' - the word 'Chohan' meaning 'Lord', and the word 'Ray' the radiation, color and activity of each of the Seven Spheres which make up the Aura of God.

The first 2,000 year cycle is under the direction of the Chohan of the First Ray (at present the Ascended Master El Morya), representing the will of the Father or First Person of the Holy Trinity. This Being sets the pattern for the religious, governmental and individual evolution of the souls taking embodiment in that cycle. He embodies the will of the Father.

The second 2,000 year cycle is under the direction of the Chohan of the Second Ray (at present the Ascended Master Lanto), representing the Second Person of the Trinity - the Son. His office is dedicated to the development of the qualities and precepts laid down by the Will of the Father under the First Ray.

The last 10,000 years of the Cosmic Cycle is under the direction of the Great Being called the Maha Chohan - . Maha' meaning Great and . Chohan' meaning . Lord' - Who represents the Third Person of the

64

Trinity, of the Holy Spirit to the Earth. His office is so diversified in Its nature, in that He is responsible for externalizing the Will of the Father, with the cooperation of the Son, thru every expression of Life on the planet - mineral, vegetable, animal and man - that He has chosen to subdivide the 10,000 years of His reign into five minor cycles of 2,000 years each, thus completing the 14,000 year period of the Cosmic Cycle.

At the head of each of these minor cycles, the Maha Chohan has placed a Great Being, representative of the Ray and Sphere PRESENTLY ACTIVE, Who is particularly dedicated to the qualities and nature that are to be developed in the evolving lifestreams during that period. The Maha Chohan holds the Office of Advisory Director to all of the Seven Chohans in the Great Cosmic Cycle.

The remaining five Chohans under the direction of the Maha Chohan are-

Third Ray Ascended Lady Master Rowena

Fourth Ray Ascended Master Serapis Bey

Fifth Ray Ascended Master Hilarion

Sixth Ray Ascended Lady Master Nada

Seventh Ray Ascended Master Saint Germain

The Cosmic Wheel has now turned to a point where the last of the sub-rays of the Maha Chohan is to be emphasized in Its outpouring. In this final cycle, every lifestream on the planet is expected to put forth its extreme effort to fulfill the Plan for which it was created. As each new minor cycle opens, a NEW METHOD of incorporating the energies is presented to the people.

Therefore, the Seventh Ray is the final One to pour Its Life-giving Essence upon the Planet and is the One which is NOW PRESENTLY ACTIVE AND WILL BE FOR THE NEXT 2,000 YEARS. The Ascended Master Saint Germain is the Chohan in charge of this Ray of Ceremonial and Transmutation thru the Violet Fire of Mercy and Love. Its service to the planet and its people lies in the education of the consciousness of unascended beings as to how they can invoke, direct and sustain Spiritual Forces for the upliftment of all Life; and how they may assist in the purification and transmuting of the "evil creations" which have resulted from the imperfect use of Primal Life Essence thru centuries of time.

Each individual is held responsible for all the precious Life energy

65

he has ever used, and in the Law of the Circle, all of the causes which he has set up thru countless aeons of time, which MUST COME BACK TO HIM who is their creator (as you sow, so do you reap) to be SUBLIMATED thru Divine Love and Mercy. If the recoil of that energy is not to be experienced as pain or suffering either in this or another embodiment, or in distressing experiences between embodiments.

There is never a mix-up in the return of anyone's energy; each returning wave knows unerringly its own generator - THE COSMIC LAW IS EXACT. The moment the returning energy touches the aura of its creator, it settles down and begins to germinate seeds which produce a HARVEST according to its nature. If the outgoing energy (thoughts, feelings, words and actions, also reactions) are harmonious and kindly, the return to the individual will be peace and plenty; if the energy sent forth were of a discordant or harmful nature, then the harvest to the individual will be bitter and painful. Jesus made no idle statement when He said 'As ye sow, so shall ye reap.'

Mankind have forgotten that while they have fallen from their Godly Estate, yet, thru the Love of the Eternal Father, they have never been divested of the Creative POWER contained in their thoughts, feelings, spoken words and actions. They have not realized that THEY THEMSEVES HAVE CREATED EVERY EXPERIENCE in their worlds, both good and bad. Students of the New Day, however, are learning that they also possess the power to *transmute* by means of the Violet Fire of Transmuting Love the unhappy experiences that make their lives so uncomfortable.

Individuals have lived, loved and hated century after century, like after life, and the Master Jesus has said that man is responsible for every 'jot and tittle' of energy which he has ever used.

To become free from the mistakes of thought, feeling, word and action thru countless centuries, all individuals come to that place where they realize they will have to MAKE SACRED (purify) thru the Flame in their hearts, all of the energies they have wrongly used in all of the embodiments they have ever had. When that is understood, it becomes a joy, because you become centered in this Fire of Purification and all the energy that is returning to you thru the experiences of each day, is sanctified by welcoming it and BLAZING THE VIOLET FIRE THRU IT, transmuting and returning to your Causal Body as added power the wonderful Law of the Circle.

66

The Violet Transmuting Flame of Love, Mercy, Compassion and Forgiveness is the TOOL that gives this tremendous assistance in the redemption of your energy. It is the Violet Flame by which you can purify your own miscreations. *Joyously and vigorously use it!* First, set your own world in order - FORGIVE AND BALANCE your energies toward all Life before you use it. Jesus said 'Forgive us our trespasses AS (in like manner) we forgive those who trespass against us'. It shall be done unto according as you do unto others and the efficacy in the use of this Violet Transmuting Flame of Mercy is to take the time to BECOME the Mercy Flame first in feeling and in THOUGHT TO ALL OF LIFE. What you wish for others, you must give first, then you shall receive it. You desire to have Freedom - those of you who have suffered bodily distress and mental confusions - if you could but TRULY FORGIVE ALL OF LIVE, and THEN use this Flame, you could be FREE IN LESS THAN AN HOUR.

It is a most comforting and helpful truth to know that the FORGIVENESS OF GOD for that mis-use of His energies is ALWAYS available to those WHO WANT IT. The Eternal 'damnation' propounded to emphasize fear, superstition and blind obedience to human concepts IS NOT TRUTH! No more than real understanding parents can or would deny their children forgiveness for error, could a God of Mercy deny His children forgiveness and absolution of their mistakes!

Whatever the sin - whatever the past mistakes - whatever the causes and cores of impurity and imperfection which have been set up in the inner bodies, THEHE IS A CONSCIOUS WAY to transmute and sublimate these errors thru the Mercy of God and the daily use of the Violet Fire of Mercy which is the Ordained Service of the Seventh Ray under the direction of the Beloved Ascended Master Saint Germain.

When man comes to a realization that his own mis-use of energy has caused all the distress and Limitation which he experiences, he is then ready for the instruction upon the use of the Sacred Fire of Transmutation - The Violet Flame. Until this point is reached, each individual is either rebellious against God and circumstances or submissive to conditions, feeling that these unhappy experiences are the WILL OF GOD, (which, of course, is a fallacy, since the Will of God is only GOOD)! When the consciousness of man is illumined to the fact that he, himself, is the creator of all his distress, then can great assistance be given to him to dissolve the cause and core of all limitations and he will KNOW PERSONAL MASTERY over energy and vibration.

Mankind for the most part, have been mercifully protected from knowing what they have done with God's beautiful energy (their own Life) and their own originally beautiful emotional, mental, etheric and physical bodies and have not understood that every distress, including so-called death, LIES WITHIN THEIR OWN PAST AND PRESENT USE OF THIS GOD ENERGY; but when it is understood that the LAW OF THE CIRCLE (cause and effect) IS INEXORABLE, each one then begins to desire to MAKE THINGS RIGHT.

The FORGIVENESS OF GOD is more than a phrase. It is a SCIENCE of DIVINE ALCHEMY. Energy is obedient to the thought, feelings, spoken word and action of man and each one's aura is filled with the particularly qualified energy which HE has put there thru the centuries he has lived. When an individual calls on the LAW OF FORGIVENESS and uses the VIOLET FIRE, he taps the already qualified energy of the UNIVERSAL " I AM" PRESENCE and the Divine Beings Who have prepared that sublimating power for just such a day. ACCEPT that power of this Violet Fire to actually TRANSMUTE AND RAISE the energies of the lower bodies (physical, etheric, mental and emotional), and by constant endeavor, the results will PROVE to the outer consciousness the efficacy of this Violet Fire to transmute in a painless and harmonious way energy which would otherwise be most distressing.

Jesus was well acquainted with the GRACE of Forgiveness and the Violet Fire. He often said "Thy sins are forgiven thee". and according to the ACCEPTANCE of that forgiveness, did those who asked for relief from distress, experience it in the outer physical body.

The knowledge of the presence of the Violet Fire, Its use, and the feeling of the acceptance of Its efficacy is of the utmost importance to the earnest student. Mercifully, individuals do not remember all the various activities in which they have been engaged thru the ages, but ENERGY DOES REMEMBER and remains qualified by its original creator until it is consciously transmuted into perfection.

The human Kingdom, the bird life, the nature Kingdom and the animal Kingdom are all bound by innumerable connections (karmic links) created thru aeons of associations. The safest, surest way of freeing the soul from the fetters of unpleasant associations (most of which are not even known to the outer self) is to sincerely and deeply call on the Law of Forgiveness for all mis-qualified energy, all the way

back to the time of one's individualization and ask the Angels of the Violet Fire to assist all who truly WANT TO FORGIVE and then truly ACCEPT forgiveness. Thus the Law of the Circle can be a HAPPY experience, when the student creates and sends forth ONLY CONSTRUCTIVE CAUSES and then subsequently reaps only HAPPY EFFECTS.

Once every two thousand years, a New Ray strikes the Earth, and as the Cosmic Wheel turns (14,000 years for one complete revolution) the Chohan who is presently the Representative of that Ray is crowned the Cosmic Authority for the Evolution of the planet and its peoples during this time. .

The Sixth Ray (presently under the supervision of the Ascended Master Jesus) completed Its Service January 1, 1954, and - allowing for a certain time of overlapping energies - the Seventh Ray officially began Its Cosmic Outpouring on May 1, 1954. The Activity from 1930 to 1954 (a 24 year period) was a preparatory activity - a John the Baptist Endeavor.

On May 1, 1954, at SHAMBALLA, the Great Ceremony of transferring the Crown, Sceptre, Sword and Vestments of the Officiating Chohan (the Ascended Master Jesus) to the New Chohan (the Ascended Master Saint Germain) took place.

The CROWN which symbolizes this AUTHORITY came to Earth, with the first mankind to embody, upon the Head of Archangel Michael, and every two thousand years since then it has been transferred to the Authority of the succeeding Ray. Thus, in 14,000 years, the seven presiding Chohans would wear It for 2,000 years.

Hence, it is 14,000 years since a Chohan of the Seventh Ray wore the Crown, but only 2,000 years since a Chohan (as Chohan) received It from His Predecessor - the Sixth Ray receiving from the Fifth.

Fourteen thousand years ago, at Peiping in China, KWAN YIN, as the then presiding Chohan of the Seventh Ray received the Crown from the then acting Chohan of the Sixth Ray (in the last cycle or round of the Cosmic Wheel).

Thus, having the Coronation white the Temple at Peiping is presently open is no happenstance, nor is the opening of the Tran-

69

sylvania Retreat as the first Retreat to be honored after this Coronation is likewise not by happenstance.

The Master Jesus, resplendent in an exquisite cloak and train (cloth of gold with doves woven into it) HIMSELF placed the Crown upon the Head of the Master Saint Germain, as the entire assembly sang the spiritual words to the tune "God Save the King."

The Lord of the World HIMSELF (Sanat Kumara) placed in Saint Germain' s hands the Sceptre of Authority and Power for the Evolution of all Angels, humans and elementals in the next 2.000 year cycle. The Maha Chohan gave to Him the symbolic dress sword (representing the Power of the Holy Spirit to activate the particular Ray blessing the Earth with all the Life at His command). Saint Germain' s first act was to place a Crown upon the Head of Beloved Portia, The Goddess of Justice and Opportunity (His Twin Flame).

Every member .of the Hierarchy then came forward in order of rank and knelt before the New King (Saint Germain), gave allegiance and offered some specific Blessing from Their Own Life. Angels and Elementals likewise swore fealty, and then members of the human race, present in their finer bodies, did likewise. The Procession of Homage look twelve hours.

As the Violet Ray is now the Cosmic Authority for the next 2,000 years, the students will feel more power and efficacy in Its use from now on.

The Ceremony look place at SHAMBALLA rather than the First Realm so more people could attend in etheric consciousness, for the memories stored in the etheric body help the outer mind and self to cooperate, as those that are stored only in the Higher Mental Body (Holy Christ Self) are too ephemeral for the average student to absorb and enjoy.

After the Coronation, the Lords of Karma examined the souls choosing to incarnate in the next twelve months. As Saint Germain' s Twin Ray was vested with Cosmic Authority (along with Him), and as She is the Goddess of Opportunity (for it is only just to give all life opportunity), the Ascended Host felt it best to hold the final decisions about the incoming souls until the Goddess of Opportunity (a member of the Karmic Board) had received Her Cosmic Vestment.

70

The tremendous Light, Impetus and Spiritual Obedience of the Members of the Kingdom was contagious and the 500,000,000 applying for re-embodiment were deeply impressed. 200,000,000 offered immediately to take the Vow to Sanat Kumara, and 100,000,000 after witnessing the tremendous Ceremony as the first 200,000,000 together knelt pledging the Unfed Flame a Vow, also offered. Then a great body of discarnates - half of the 6 billion - came into the atmosphere around SHAMBALLA. They also pledged the Unfed Flame a Vow, and four dear souls came from the compound (Particularly pray for them now to take the Light back to the compound and, generally, to make good).

Saint Germain said, at the moment the Crown was placed on His Head, the Silent Watcher poured into His Consciousness (symbolized by the Crown - feminine activity) the entire pattern for the next 2,000 years for each soul. He said He had to exercise Wisdom and restraint not to rush out and start to set the entire plan into motion.

The Sceptre (masculine activity) symbolized the drawing of the seed ideas - the Crown, the fertile consciousness in which they are developed. The Sword, the manifest expression of the two. However, the tendency is, when one gets an idea, not to allow it to mature in the consciousness, but to send it forth "an incubator baby," or "still born." He counselled wisdom in accepting divine promptings and letting them develop in the silence (as Mother Mary did the Beloved Jesus) and then having a perfect manifestation in God' s good time.

THE CAUSE OF Freedom must first be established that the full effect of Freedom may be felt. There are Mighty Individuals who have served the Cause of Freedom for centuries in various activities where mankind desired to have the fruits of Freedom and knew instinctively that the *fruits* came to those who served the Cause.

What is the CAUSE of Freedom?

It has been paraphrased thru the centuries wherever men were stirred to valorous action on behalf of country, king or God, and yet if they were asked to define that CAUSE, I guarantee that there are few who could accurately express an understanding of *Freedom's Cause*.

What is the CAUSE OF Freedom?

GOD. The God identity of every man has within It the inherent, inbred realization that *Freedom and Godliness* are ONE.

71

The Divine Fiat of Life is expansion, unfoldment, perfection, all of which qualities require *Freedom* in order to manifest. A tightly closed rosebud requires Freedom to become a full blown rose. Even the Power of Helios & Vesta (Sun God & Goddess) requires Freedom to shine. An animal, plant, tree or man requires Freedom to breathe. There is no such thing as progress or evolution, or, in fact, *Being*, without Freedom. You might say - Freedom is God stretching out His Arms to increase. Freedom is God in action. The quiescent God sleeping thru the solar night does not taste of nor enjoy the fruits of Freedom, but when the first stirring takes place in the cosmic dawn of a solar system or the birth of a bird -- Freedom stirs.

I AM the SUN of Freedom. It is My great privilege to expand the Cause of Freedom on the Earth plane. It is not a quality which is injected into a lifestream, for *love of Freedom* is as inherent within Life as is the Love of Life Itself.

Freedom and Expansion are one.

Freedom and Activity are one.

Freedom and God are one.

And in this New Day dedicated to the Freedom of the entire Planet and this system of worlds, you will see the God Power stretching forth and bursting the chains of limitation.

A COSMIC INVESTMENT

This vesture in which you find yourselves is a Cosmic Investment made in conjunction with the Investment of Saint Germain and His CAUSE.

The Cause of Freedom was born in God's Heart ere the first Flame was created, for God desired ALL His Creation FREE!

Many Causes were thus set up - before the world was' and are not created necessarily by those who chose to invest their own lifestreams in carrying that Cause and Its ultimate

beneficial effect to the race as a whole. Other Intelligent Beings, pondering on ways to serve God' s plan, evolve out of Their Own Consciousness a Cause and sooner or later bring that same Cause into incarnation and successfully or otherwise serve It, interest others in It and leave Its effect as a heritage to the people.

72

When a Cosmic Desire of God' s Heart pulsates in the Higher Heavens, walling to be claimed, ensouled and lowered by one of His children, it is so finely attuned and vibrates so quickly that it is neither visible or palpable, even to tremendously evolved Beings, except where Their own interests and leanings have created in Them a sympathetic vibration. Thus, a Being would have had to Love, Freedom serve Freedom and desire Freedom for centuries, before a Cosmic Pulsation would be even discernible in the Blazing Cosmic Light that is the Desire World or the Godhead.

Such a Being is Saint Germain. He finally achieved a personal evolution sufficient to perceive God' s Desire to bring Freedom to the Planet. (The ability to perceive the presence of any blessing is one of God' s most Blessed Gifts and is only developed by the humble, listening heart.)

When Saint Germain (among all the Hearts in Heaven) pierced thru God' s Aura and entered the most Sacred Place of the Most High, He saw 'unclaimed as yet' the Cause God had set up before the world was, and which one day must, by the nature of Its Being, have an effect which would be manifest as Unconditional Freedom for every part and particle of His Creation - Love which had answered before the call God providing before the need.

Saint Germain' s Heart thrilled at sharing the Father' s Sacred Desire. He loved that *Cause* and prayed and prepared that some day He might be worthy to ensoul that Cause with His Own Flame and carry it down to the World of Men that Its effect might externalize on the screen of maya.

The Great Central Sun Itself would call the Being prepared to carry His particular Cause to fulfillment, either when the cosmic hour for Its birth had come, OR if some Child of Heaven had anticipated that Hour and become the Fit Vessel for Its incarnation before the hour.

When any Being becomes ready to be invested with a Cosmic Cause, the Law of Magnetic Attraction begins to pull on the Heart of God and the Cause that has lain therein, starts on Its downward course to join Itself with the call from bellow. Thus, does the Godhead become aware of the readiness of the race for greater blessings.

From the foregoing, beloved ones, you surely must realize how tremendous is OUR INVESTMENT IN YOU.

73

For our Beloved Saint Germain to bring the Cosmic Design of Freedom into manifestation on the Planet Earth, it is self evident that the vibratory action of the Earth

must quickly be raised from the low rate at which It is now pulsating. You, children, are so greatly privileged to have a conscious part in this redemptive progress.

According to *your heart desire and the following thru, in daily service* of channeling the Light of the Planets Venus, Uranus and Mars into Earth, shall you prove to your Friend and Mine, our Beloved Saint Germain that you are Sons and Daughters of Freedom

In Truth and not just so-called 'inactive friends' who get a certain personal benefit to the outerself in the affirming of the above, with the lips and not from the heart!

I bring this to your attention, for in My Heart I KNOW you believe this opportunity which is presented to you is so precious that you, in your constancy and faithfulness, will be daily alert to serving in this capacity with US as true Sons and Daughters of the Cause of Freedom

Vesta, Goddess of the Sun

We are not in a day or time when entertainment of the intellect or peace to the sea of emotion is the order that brings the presence of the God---. We are in an hour when We are willing and desirous of investing countless tons of Primal - in any lifestream - no matter what the condition of the vehicles in which it functions *providing such an one is willing to live now for the Cause* - rather the sinner intent on the Evolution of the race, than the saint intent upon his own.

THE POWER OF TRANSMUTATION

Slowly but surely it is dawning in the outer consciousness that the Power of Transmutation (perfecting the quality of one' s own returning energy or projected energy from another lifestream) is a possibility and by PRACTICE the outer self will become more cognizant of such power of transmutation and the binding Laws of Karmic Retribution will no longer restrict the aspiring lifestream. The Great Beloved "I AM" Presence will hasten this transmutation when called into action and thus save the outer self even the knowledge of much of that wherein he has erred. Remember 'to err is human - but to forgive is Divine'!

74

If the students in their earnest desire to receive forgiveness and to experience the full efficacy of the Violet Fire of Divine Compassion in wiping out their own mistakes and that of all mankind, would ask to FEEL the Intelligent Consciousness of the Violet Fire Itself, that would greatly accelerate the Power of Divine Alchemy in their worlds and affairs. The INTELLIGENCE within the Violet Fire is known as BELOVED HOLY AMETHYST. Her first activity when called into action is to express gratitude of the OPPORTUNITY of serving Life to set it free.

The individual whose consciousness literally leaps forth at The opportunity to forgive some transgression of the Law, and particularly some injustice toward self, is ONE with the Nature and Feeling of this Flame of Mercy which so joyously responds to the invitation to transmute mankind's mistakes whenever called into action.

THE MANTLE OF LIGHT (Tube of Light)

As the name implies, the Mantle of Light is an activity of God Protection which must be consciously and regularly invoked by the individual to ensure its efficacy. When man first individualized upon the Earth, this Mantle of Light was a Tube of Natural radiation which encompassed his aura, but as he gradually moved away from the God Consciousness, this Stream of Light became smaller and smaller, until today, in the average person, it is scarcely larger than a lead-pencil. The flow of this Light into the heart is known as the Silver Cord, and is the anchor of the God Life within the individual. Around it is a golden stream of energy thru which the "I AM" Presence precipitates into the individual's world the accumulated good from the Causal Body, and at so thru which any Divine Being, when invoked, will pour forth His or Her Virtues or Qualities for the use of the student and the benefaction of all mankind. These qualities may vary according to the requirement, but the wise student builds a momentum of a specific quality or virtue within his Mantle of Light that may be called upon in times of crises to flow forth at his direction when and where necessary. The sphere of influence of one's Mantle of Light is dependent upon the amount of conscious dedication to a particular God Virtue, and it is necessary that rhythmic and regular application be made to one's "I AM" Presence for the sustaining and expanding of this great protective activity around the individual.

75

FREE WILL

One of the initial gifts from the God-Parents to each lifestream, first created fresh and beautiful from the Heart of the Universal, was FREE WILL and that Free Will has followed all individuals - those who stayed on the Pathway of Light and those who wove for themselves the shadows and the pathway of darkness. Free will for the Angels, Archangels, Seraphim and Cherubim is always constant joyous obedience to the Divine Pattern and Plan, and Free Will for many caused them never to desire to embody upon this planet. Free Will has caused other lifestreams to experiment with thought and feeling, to draw thru thought and feeling, forms that have finally encased the lifestream in conditions of great distress

76

Lámina de la PRESENCIA "YO SOY"

77

The *Holy Trinity Picture* is a Visual representation of our relationship with our own individualized Presence of God, which the Ascended Master Saint Germain calls the "I AM" Presence - also referred to as the Electronic Body, represented here by the upper figure.

This is a body of brilliant, blazing Light, wholly pure and perfect, abiding in the Realms of Light, usually in what is known as the Fourth Sphere, being of much higher rate of vibration than the physical realm.

The stream of Electronic Light (the Silver Cord) flowing from the Heart of the Electronic Body like a great river entering into the top of the head of the physical body and anchoring at the heart center is the Light, the Life, the , the Intelligence and the Energy by which we think, feel, speak, move and have being in a physical form upon this planet. This stream of Electronic Light is composed of millions and millions of tiny, little electrons, some so small that numbers of them could sit upon the head of a pin, but each one an intelligent, obedient Elemental Being, formed in a definite pattern, even having a sweet little face, and emitting a lovely musical tone.

This beautiful stream of Electronic Light, as It flows into and thru the physical form, if not interfered with in any manner whatsoever by the consciousness of the lower, outer self would automatically outpicture perfect health, Eternal youth and beauty, limitless abundant supply and everything that is GOOD. Unfortunately, because of an inadvertent action of Free Will we choose to requalify much of this Pure Electronic Light by way of thoughts, feelings, spoken words, actions and reactions of a discordant nature, such as criticism, condemnation, judgement, anger, hatred, jealousy, resentment, killing etc.

Thus, we change the vibratory action of the Pure Electronic Light into a discordant tone. Therefore, as it flows into the physical body it sets up a disintegrating action which will outpicture in ill-health, disease, old age and eventual body disintegration. The God Presence reaching the point where It is no longer enabled to fulfill Its Divine plan thru the outer self in the particular embodiment, severs the Silver Cord and the individual experiences what is called death: The individual, of course, continuing on in the Etheric Body - the physical body, hopefully placed in the Fire Element allowing the imprisoned electrons to be released and return to the Heart of the Central Sun for re-polarization.

The Beloved Jesus said, "As ye sow so shall ye reap!" Causes set into motion produce effects. The qualification of energy is absolute.

78

Much of this Electronic Light which we have discordantly qualified at so flows out into our beings and worlds outpicturing in lack, limitation, accidents and the many frailties of human living. Scientifically speaking - like attracts like - therefore, as life is likened unto a circle, this discordant energy will gather more of its kind and eventually return to its creator (the individual). This becomes what is known as "karma", forming a pressure upon the lower bodies as it gathers about them.

Now, this karma which is but the pure, perfect Energies of Life we have discordantly requalified must be mitigated and redeemed by the individual. Prior to the beginning of the Twentieth Century the individual's karma had to be mitigated thru suffering and disease etc., but with the beginning of this Century the outer knowledge and use of the Sacred Violet Transmuting Flame was released to mankind - a very merciful means which Life has provided the individual whereby he or

She can set about to redeem these discordant energies, so that they will no longer outpicture in such discomfort. This can be accomplished by calling to "The Presence" to blaze and blaze and blaze this Mighty Violet Flame in and thru this Karmic accumulation and transmute its cause, effect, record and memory. By this means the individual can begin to redeem these discordant energies, thus lessening the pressures of them and releasing the imprisoned Elementals in the electrons to return to the Central Sun, all accomplished thru the exercise of Divine Love.

Every electron emanating from the Heart of the Electronic Body not interfered with by a discordant requalification, flowing in and thru the physical form will outpicture a portion of the Will and Divine Plan of the God Presence in a goodly manner. These energies, after completing their journey in the world of form will return and gather in the Causal Body of the individual (represented by the circles of color around the Electronic Body). Thus, the Causal Body becomes a storehouse of GOOD. When the individual turns about, faces himself honestly and begins to redeem his karmic accumulation of discordantly qualified energies and thru the exercise of self-control begins to use the Energies of Life in a harmonious manner, then the Presence is in a position to begin to release whatever stored up treasures of energies in the Causal Body the individual may require in order that Its Will and Plan may begin to manifest in a more efficacious manner thru the outer self.

79

After sufficient contemplation of the foregoing one comes to the conclusion that all individual does, whether it be good thoughts, feelings, spoken words, action or reactions, is but the Presence getting thru the outer self and expressing Its Will and Plan without any interference by the outer consciousness. Therefore in the greater realization of this, the individual becomes more humble and aware that his God Self is the doer of all the GOOD and his lower self the doer of all the discord thru the inversion of the Pure Electronic Light.

The White Light emanating from the Electronic Body enfolding the physical form, sometimes referred to as the "Mantle of Light" acts like a protective garment about the flesh form shielding the individual from the pressures of the discordant energies in the atmosphere in which he moves. This is a natural emanation of Light about the flesh form and before man began to use the Energies of Life inharmoniously, it was absolutely positive in its effectiveness, but when man began to requalify the pure, perfect energies, setting up a discordant rate of vibration, the Mantle of Light became perforated, thus losing much of its effectiveness. Now, in order to rebuild that effectiveness in a positive manner the individual must call to the Presence at least three times a day (morning, noon and night) to enfold himself or herself in that Mighty Mantle of Light of invincible protection (visualizing and feeling Its enfolding radiance) and for the Presence to make it so powerful that It absolutely repels every human (imperfect) vibratory action. The effectiveness of this will become self-evident to anyone who will put it into practice.

Each individual is in reality an eight-fold being, having four bodies in the Realms of Light and four bodies in the lower physical Realm. The four bodies existing in the

Realm of Light are - The White Fire Body, the first and original body created by the God-Parents in Their image and likeness and functioning at Cosmic Levels - The Electronic Body - The Causal Body - The Holy Christ Self. The latter mentioned body (not shown on the Chart) sometimes referred to as the Higher Mental Body functions as our selective, discriminating intelligence. It is pure and perfect as is the Electronic Body (God Presence). It knows the purity and perfection of the Electronic Body and is aware of the imperfection and impurity which the outer-self has drawn about itself but will not accept the imperfection about the outer-self into. Its being and world. As the God Presence knows

80

absolutely nothing of an impure or imperfect thing, the Holy Christ Self is provided as an intermediary to relay to The Presence notice of the needs and requirements of the outer self and to draw forth from The Presence that which It knows the outer self requires in order that it may outpicture the Divine Pattern or Plan held within the Heart of that Presence.

The four bodies functioning in the lower physical Realm are - the Etheric Body - the first body surrounding the physical form. It is our seal of memory. All of the energies which we draw forth from The Presence are sieved thru the Etheric Body which makes an impression of our use of those energies thru experiences. Next, the Mental Body thru which the faculty of the thought process functions in the moulding of form. Then, the Emotional Body thru which the faculty of feeling functions in providing life and motion to form The Physical Body being the vehicle thru which these other bodies express themselves in the word of form.

The lower and smaller figure shown on the Chart represents the Spark of Divinity, a Flame less than a sixteenth of an inch in height in the average man and abiding within the airless cell or chamber in the heart. As the outer self begins thru application, devotion, adoration and prayer to provide an atmosphere of purity and harmony surrounding the Spark of Divinity It begins to take on the form of the Holy Christ Self within the cell in which It lives (in somewhat the same manner in which the physical body takes form in the mother' s womb) and It grows into a tiny but perfect figure of the Christ Self, sometimes referred to as "The Little Golden Man." When thru application and effort the individual' s atmosphere attains a certain amount of Light the airless cell is opened enabling this New Spiritual Being to enter the prepared harmonious atmosphere where It soon expands with a Cosmic Onrush and gathers into Itself the remaining activities of the outer self. Thus, a God Being is made manifest and Flame is His Garment. The sizable expression of this as noted on the Chart is indicative of that expansion.

Before the world was, we abided within the Electronic Body in the Inner Realms of Light in that great Oneness of Consciousness. In order to take up the planetary experience it was necessary that a physical body of a lower rate of vibration than the Electronic Body be Created in order that the individualized Ego could function on the planet where the vibratory rate was much slower than the Inner Realms.

The Divine Plan' pertaining to the planetary experience was for each individual to spend a certain allotted time on the planet in fulfillment thereof and then ascend back into the Electronic Presence.

Thus, the ultimate goal of the physical experience is to attain the Victory of the Ascension and regain that complete Oneness of Consciousness we originally enjoyed.

When the individual has redeemed his karma and has cleansed and purified himself sufficiently, The Presence then begins to step up the vibratory action of the Light within the Atomic structure of the flesh body to the point where the magnetic pull of Earth (gravity) can no longer hold it and it begins to rise and becomes absorbed into the Electronic Body. This is the process of the Ascension exactly as performed by the Beloved Jesus on the apex of Mount Olives before five-hundred people two-thousand years ago.

In the event the individual is unable to raise the physical vehicle at the close of the embodiment wherein the Ascension is possible, the Ascension can still be accomplished thru the Etheric Envelope after discarding the physical vehicle at the time of so-called death.

One may conclude that man is not the body- the body being but a vehicle in and thru which he functions. His eternal identity is a Spark of Divinity - a Three-Fold Flame (Pink, Gold and Blue) - the Three-Fold Action of Life - Love, Wisdom and Power in perfect balance!

--- The Great Creator, in His multiple mercy and kindness Created the electronic pattern of each individual different and distinct so that all might enjoy a certain individuality and beauty of form. The electrons of each individual differ in their elemental structure like unto the snowflakes. Each-.pattern and form represents the identity of The "I AM" Presence which will manifest through the Holy Christ Self in Its fullness through the outer self as the three become One. (The Holy Trinity)

As you have been often told before, the pattern of the electrons of Ascended Master Saint Germain is represented by the Maltese Cross, that of the Lord Guatama Buddha is the open Lotus; that of the Beloved Regent, Sanat Kumara is the perfect Star of Love and Peace.

This means that all of the electrons which make up Sanat Kumara' s, Saint Germain' s, and Lord Guatama' s bodies are countless myriad replicas of the Forms mentioned above through which the Light of God always flows in the prismatic colors of the rainbow.

All the God Energy that They draw from the Body of God, the Unformed, once it has come under Their conscious control is immediately stamped with These patterns and

wherever It proceeds in the Universe (directed by Their thoughts, feelings,- spoken words, and actions) these electrons will carry the outline of Their particular pattern.

In like manner, all the God Energy which each chela draws from the Unformed, immediately takes on the form of his or her own electronic pattern---

“You can render a tremendous service by calling to the Ascended Masters to direct Their Individualized Flame through the consciousness of every lifestream you meet. In this way you may enrich the individual's consciousness with a flash of Cosmic inspiration from the Ascended Masters' Heart which will make such an individual continue to unfold his spiritual nature in a manner almost unbelievable. The changing of a person' s consciousness is one of the most difficult and ponderous tasks ever attempted, either from the Ascended Master' s Octave or from bellow. Each individual consciousness is formed of a set of thought and feeling - concepts, beliefs, prejudices, superstitions, fears, doubts, and a legion of fallacies built through centuries of misconception. When the Light strikes the consciousness with a new thought or idea, it sets this whole mass to quivering and stirs the latent beliefs into action that tend to repel any intrusion upon their complacent state of being, just as the physical body repels and resents being awakened from sleep suddenly or forcibly---

When Light and Truth are presented to an individual, the consciousness is set into motion and the mental and emotional vibrations are uncomfortable and for the most part, the consciousness would prefer to reject them, and resents being stirred from its rest, particularly as the entrance of the new thought for good will seek to dislodge many comfortably established fallacies who will not give up their abode without struggle.

To facilitate and carry Truth to Aspirants on the path, you must be aware that because an individual is an aspirant does not mean that he is an exception to the rule, and far more than the average is but an intensification of the mass reaction, because an aspirant is usually a strong-minded individual who has determined to walk the path and consciously or unconsciously has made his plans for his progress. You

83

Come to such people with an attractive line from heaven, but the momentum their consciousness greatly hampers the service to be rendered- unless you use this manner of invoking the Ascended Masters' Consciousness and the Ascended Masters' Presence to strike into the centre of that human consciousness and, just as an axe cancleave a long in two, , propel that Flame of Light into the centre of anyone who opens himself to the opportunity. If you will render that service, that Ascended Master Consciousness will flash into the aspirant, sometimes surprising him beyond the expectations of all parties.

This is a miracle-working power and can be utilized without limit and will save countless tons of energy in thought and in human endeavor to convey Truth to the seeker."

THE BODIES OF MAN

THE WHITE FIRE BODY

Made in the image and likeness of God, the WHITE FIRE BEING is moulded out of pure Electronic Light and is ever active as a radiating center in the Cosmic Realms, an infinitesimal part of Itself being the energizing power of the other bodies. As the planets revolve around their individual Suns, so do the White Fire Bodies of all mankind actively participate in the joy of Cosmic Creation. The first decision made in the White-Fire Being is whether to function only in the Cosmos or voluntarily project the Dual Aspect (masculine and feminine) of Its Divine Nature into the Ascended Master Realms to give more concentrated assistance to a particular Evolution. These Divine Complements are known as the individualized "I AM" Presence.

THE "I AM" PRESENCE (ELECTRONIC BODY)

The "I AM" Presence (Electronic Body) is an individualized, living Being with whom one can speak, and who hears every call or prayer. It knows only the perfection of the Godhead and is continually pouring it forth into the world of form. The "I AM" Presence is one with the foundation of the Universe and It is ONE with the great "I AM". The Rays of Light or Energy which now flow into the physical body from the Electronic Body are identical with those Rays which flow from the Sun to become Light and Energy and Life to everything on the planet, and if the intellectual consciousness would keep its attention focused upon its Source, the "I AM" Presence, Perfection would always manifest in the world of the individual.

84

THE CAUSAL BODY

The Causal Body forms the Aureola of the "I AM" Presence. The beautiful colors of the Causal Body are representative of the Seven Spheres of Consciousness which is the natural Aura of the Sun of our System, and to a lesser degree, is the externalized amount of qualified energy that each lifestream is endowed with as it progresses from the pure state of innocence. Into these Spheres all the accumulated GOOD from past experiences rests until the physical world is in a state harmonious enough to receive the benefits of this Storehouse of Good.

Each individual's Causal Body varies in size and quality according to the amount of constructively qualified energy used throughout the ages white both in and out of embodiment. It is the accumulated good of the lifestream which is created by the interest and activity of each such an one. The nature and service which each "I AM" Presence is to perform was determined before individualization took place. Seen with the inner sight, all the colors of the spectrum are a component part of the Causal Body. The Virtue or Quality to which the individual has an affinity will form the largest reservoir of energy - the color dependent upon Quality. Wise is the student who cognizes the truth that the Causal Body has an infinite supply which can be drawn forth for his benefaction and that of ALL mankind. By Its very name, It is a Body of CAUSE; and the effect is destined to manifest wheresoever the astute student calls it forth.

THE HOLY CHRIST SELF

Between the "I AM" Presence and the physical form abides the Holy Christ Self, also known as the Guardian Angel, which is an Intelligent Being of Light with a pure and perfect consciousness which grows and increases with the Causal Body. While It has a much lower vibratory action than the "I AM" Presence, It is ONE in action with It, and as Its characteristics are of a feeling nature, it is, therefore, the Silent Watcher of the individual - the Only Begotten Son of God - and if allowed FREEDOM of action in the individual's world, will act as a personalized Divine Director of all material affairs. When the student has advanced upon The Path, the outpicturing of the Christ Self thru the physical body is what has been referred to as the Second Coming of the Christ - which must be an individual affair. Thus we must understand why It is not enough to believe in the Christ, but each one must BECOME THE CHRIST within his own environment.

85

When the individual decided to use his experiences in the Seven Inner Spheres and apply for incarnation on the Earth, the Holy Christ Self came into being to ACT AS A TRANSMFORMER to step down the Magnificence of the "I AM" Presence into the atmosphere in which the vehicles of the outer self would function. It is in complete harmony and emits magnificent music and exquisite fragrance.

Jesus referred to this Spark of Divinity within man as "the Father within." When the "I AM" Presence volunteers to take embodiment upon the Earth plane, It projects a tiny replica of Itself into the mother's womb at the time of conception. It is the cohesive power around which the Builders of Form create the lower bodies. As the Feminine Ray increases in intensity upon the Earth, the mothers of the race will become more cognizant of the sacred privilege of assisting the Builders of Form in nourishing the Holy Christ Self. She, in Truth, is a chalice for the incoming Spirit. The obligation and responsibility of parents to the Spirits of the unborn can either hinder or delay the spiritual development of these children.

THE FOUR BODIES:

THE EMOTIONAL BODY

This body was created of the from the Emotional Realm or the Realm of Feeling, which is the Realm of the Angels and Archangels. It has been developed for one purpose alone, to radiate the Nature of God and every Virtue of happiness, purity, mercy, forgiveness and peace. It was not given to create the violent feelings which manifest as war or imperfection of any kind.

It is the feeling world. It is the largest of the four bodies, and is composed primarily of the water element. The emotional body was designed by the Builders of Form to act as a cradle in which the other lower bodies would be enfolded; even as the landed surface of the Earth is cradled by the seas. Its correct service is to nourish Divine Ideas with the positive feeling of accomplishment. Thoughts, words and actions have little efficacy until the buoyancy and enthusiasm of the feelings projects and sustains them in whatever sphere the individual's consciousness desires them to act.

The feeling consciousness, as well as the other three lower bodies, must be purified by calling to the Beloved Ascended Master Saint

86

Germain and the Violet Transmuting Flame because thru aeons of time the individual has been subject to various situations wherein disappointments, disillusionments and rebellions have created rebellious feelings - "troubled waters." When so purified, the feelings will always determine the activities of the outer self - subconscious or conscious.

The Beloved Master Jesus was admonished to first become Master over Himself (the four lower vehicles which He used in His last victorious accomplishment) before He could be Master over the lower vehicles of others, as well as the elements themselves. Having such Mastery, it was' easy for Him to expand the FEELING of PEACE to the raging waters that alarmed His disciples in Galilee.

As approximately eighty percent of the Planet Earth is composed of the water element, so every individual embodying on Earth experiences about eighty percent of his Karmic test through his feeling body. It is the most difficult training of any belonging to this chain.

This, to some extent, explains why the Earth has fallen into the pit, because the harnessing and control of the feeling world is the greatest initiation of the evolving God. When the chela has attained mastery over the feeling nature, he graduates from the Earth, for this is the greatest lesson on Earth he can learn. Thus individuals embody again and again (verity, as the leaves of the tree) upon the Earth in order to master the feeling world.

THE MENTAL BODY

The Mental Body, which was fashioned from the of the Mental Realm, is quite similar to the Holy Christ Self in that it should be the vehicle of the Holy Christ Self in the lower or outer expression.

The mental activity functions thru this body which contains all accretions of human concepts, opinions, knowledge and conclusions drawn from all sources of information. The mind was created to be the SERVANT of the Individualized Flame, and NOT the master. It was intended to be the instrument by which to create and hold the pattern or vision until physical manifestation could take place.

It should be the chalice for the receptivity of the Divine Ideas. It has the power within itself to mould these Divine Ideas into practical workable form

THE ETHERIC BODY

The Etheric Body is the counterpart and true form of the tangible human form, but composed of much subtler material. Within this body

87

Are the records and memory of all experience endured by the individual thru countless incarnations. It is at so the medium for the transmission of force to all parts of the human form It determines the condition of physical body because, in itself, it is the repository and the transmitter of energy, and the true intermediary of the inner and outer worlds of man.

The Etheric Body, sometimes called the " soul", records all the experiences of the lifestream since individualization look place. It receive from the mental body those ideas which have been energized by the feeling world. Before thoughts and feelings can be manifest in the physical appearance world, they must be sieved thru the etheric body. As the etheric body holds all the records, both good and evil, within itself, it is of prime importance that the misdeeds of the lifestream recorded therein be transmuted by the Violet Flame. These records form the essence of the personality and stamp all the activities of the individual with its specific nature.

Beloved Orion:

"...Sometimes a woman will want a child but when the pressure of the feeling world of the soul she is to bear touches her aura - if her previous association with that soul has been unhappy - a great distaste and dislike for that incoming soul comes into the feeling of such mother-to-be; stirring up memories of past inharmonies with such incoming one. Then the mother-to-be often *decides to abort* the incoming of this soul because of the tremendous antipathy which, Karmically, binds them together. In such a case, one who had previously prayed sincerely for a child will suddenly not want it.

Beloved Uriel:

"... You know the etheric body is a mirror --it is its nature-- It mirrors all experience---it takes on the form and shape of the thoughts and feelings. When a man dies, his etheric body looks just like his prostrate form If the physical body is shrivelled up and worn out, the etheric looks like that. When they pass over to the "other side" (I refer now to the awakened man), the etheric body mirrors its surroundings and it begins to throw off the appearance of age. Everyone in the Inner Realms has returned to about a thirty-five year age. In a few years, the

88

etheric body of the newly-passed again assumes an appearance of youth. The etheric bodies come to this Temple, but the physical which will make up the next Earth body will cause the Body Elemental and the etheric body to be mis-shapen again, if such is the type of garment which the soul has earned. There is often a rebellion in the Body Elemental and there is rebellion (in the freedom in the etheric body, because of the lightness and happiness it has had) when the lifestream is required to enter into a grotesque form, or a mis-shapen form---."

THE PHYSICAL BODY

As in the case of all the other bodies, the Physical Body is at so drawn from the of its own Realm. Its function, as we are aware, is to perform physical acts and express in the world of form This body is made up of tiny particles of Light which man has chosen to call "electrons", and these are emitted from the Body of God and loaned to the individual lifestream to create a garment of flesh in the "image and likeness" of the Holy Christ Self. However, one' s reality is not the physical body which is merely the anchor point on the Earth for the Light Rays which are projected directly from the Godhead. It is the anchorage upon the Earth plane thru which should be channelled a portion of the activities of the other seven bodies. When they are in perfect attunement with the White Fire Being, they are a Master Presence here on Earth. Conversely, the imperfections of the physical body are the result of the impact of the emotional, mental and etheric natures not only of itself, but of other lifestreams. Present and past environment and associations are primal factors in the constitution of these bodies.

Many an ascetic man who obeyed the law of abstinence, who mortified the body and died in a hair shirt, but who did not perform the mortification of the feeling and mental body, has not risen as high as one more lax in fleshy things but more strict in the sublimation of the soul. Many a man in a monastery; many a woman in a convent, performing certain abstinences and mortifications of the physical body, filled with bitterness, spiritual pride and arrogance of the soul, when that body is laid down in death, the soul which was all that was left to go before the Karmic Board, is worse than if they had lived a jolly life and gone home in a soul in which there was some semblance of tolerance and peace! There is a balance in the Law. Moral and ethical

89

obedience to the fleshly law of right living are good, and are to be commended if they make faith in the soul endurance in the consciousness and purity in the nature; but if they build up frustrations and cause scars on the soul, better they had never been done.

THE EMOTIONAL BODY

Like a great ovoid around you is the sea of your EMOTIONAL WORLD; within that is the ovoid of the MENTAL BODY; within that is the ovoid of the ETHERIC BODY, and oftimes you can see the outline of the Etheric Body extending four to six inches around the flesh form. Then, in the center, like the seed, is the PHYSICAL FORM.

These are the four lower bodies which need purifying and as you begin to develop as an individual, and are no longer part of the masses, these bodies, instead of being shapeless avoids, take on FORM and they become beautiful in outlining the beauty of your Holy Christ Self.

The EMOTIONAL OR FEELING BODY has been developed for one purpose alone, to radiate the Nature of God and every virtue of happiness, purity, mercy, forgiveness and peace. It was not given to create the violent feelings which manifest as war or imperfection of any kind.

The electrons that make up each one of these vehicles are subjected to the vibratory action that you contact and if it is the psychic Realm (discordant) and the vehicle descends below the vibratory action of tolerance, understanding, brotherhood and peace, that vehicle is like a group of men tied together for a mountain climb, who suffer the loss of all of their lives when one man falls. If your emotional world drops into a vibratory action of depression, anger or distress, it automatically pulls on all the others. If your mental body opens itself to impatience, worry, pictures of limitation, it pulls on the other bodies. If the etheric body remembers injustices of the past, it is the culprit and if the physical body demands satisfaction of its appetites, it does not allow your mind and feelings to remain at Peace.

Now, NONE OF THESE BODIES IS YOU! The Holy Christ Self which abides in the IMMORTAL Three-Fold Flame of God that came from your own "I AM" Presence which beats your heart is the real YOU and has created these other bodies as INSTRUMENTS for you to use. If, however, your emotional body continues to take the Christ Energy and use it in tantrums and tempers, or your mental body continues to picture lack and limitation; the etheric body to energize

90

impurities of the past, and the flesh body is continually clamoring for attention, the Holy Christ Flame WITHIN you, has not the opportunity to externalize Its Divine Plan.

You have to take command of these four lower bodies, for YOU have taken the responsibility of their Resurrection and their Life!

When you keep these bodies in a feeling of tolerance, harmony, purity, Love, happiness, joy, understanding and all the qualities which are beautiful- YOU EMIT LIGHT!

You can understand how each individual being has created in each Earth Life since the fall of man, a certain amount of what is called DESTRUCTIVE KARMA - which is the misuse of Life. This karma acts on many planes determined by which body was the chief offender.

The PHYSICAL BODY performing acts of violence, acts of physical depravity etc. releases tremendous vital energy into the elemental of the PHYSICAL WORLD and that remains part of the imprisoned elemental life of the physical plane UNTIL the VERY SOUL THAT CREATED IT, in some future life TAKES BACK INTO HIS OWN PHYSICAL BODY (thru suffering and disease) that energy unless it is previously transmuted by the action of the VIOLET FIRE which sets it FREE.

Lifestreams who perform great acts of discord on the MENTAL PLANE, crimes of mental cruelty, charge the elements with a discordant vibratory action and the BRAND of the INDIVIDUAL fills the mental atmosphere which must be redeemed, returning into the MENTAL VEHICLE of that same soul at some future time for redemption.

Individuals who perform acts of EMOTIONAL CRUELTY, charge the of the emotional and feeling plane with certain vibratory action which will record primarily in the emotional body of that same lifestream in a later era. These various types of crimes,

whether they are physical, mental or emotional- in their return circuit are primarily the causes of the diseases of mind, feeling and flesh.

Now, in order for a SOUL to receive its full freedom, it must, of necessity, REDEEM the energies it has qualified imperfectly. For that reason it is required of that soul that it have a body in each of these planes, including a physical form thru which it may redeem elemental life

91

Each individual lifestream accepts the responsibility for the QUALIFICATION of energy in each of the Seven Spheres, in each one of which, one of his bodies function. There is a heart-focus in the Electronic, Causal, Holy Christ Self, emotional, mental, etheric and physical bodies. Each of these seven bodies is constantly contributing by the qualifying power within its own intelligence, to the activities of the actual atmosphere of the sphere in which each one of these bodies function. When the Ray of Light from the "I AM" Presence (silver cord) passes thru the seven bodies, the ESSENCE OF LIFE which it carries is in its natural pure unformed state and the individual takes the responsibility for the qualification of that energy knowing full well that UNDEIR THE LAW OF THE CIRCLE everything that is SENT OUT WILL RETURN WITH MORE OF ITS KIND!

THE CHAKRAS

BASE OF SPINE is the center of lust and passion in the unawakened. In the awakened, it is the center of Purity. The Elohim in charge is Elohim of Purity, the Archangel who pours thru it is Gabriel and the Ascension Flame of Serapis Bey. Do not put undue attention upon it.

The Flame color is White.

SPLEEN is the focus of anger, malice, hatred and mild dislike. Its positive activity is the Power of Invocation. Its Elohim is Arcturus, the Archangel Zadkiel and the Chohan is Saint Germain. The Flame color is Violet.

SOLAR PLEXIS is the focus of greed, gluttony, covetousness and fear.

Its positive activity is peace and harmony. The Elohim of Peace, Archangel Uriel and the Chohan Lady Nada govern its Flame of Gold and Ruby.

HEART CENTER represents negatively sloth, lethargy, laziness. The positive radiation is that of love and tolerance. Elohim Orion, the embodiment of love, the Archangel Chamuel and the Chohan Lady Rowena govern its Flame of Pink.

CENTER OF THE THROAT is the center where the desires for power, envy and jealousy rests in the negative aspect. In the positive aspect it is the power to create perfection and to carry the will of God. The Flame of Power is Blue and governed by the Elohim Hercules, Archangel Michael and the Master El Morya.

CENTER IN THE FOREHEAD, no one needs to tell you, is the power of reason, pride, intellectual arrogance, doubt in the negative aspect.

Its positive aspect is concentration, power of visualization and carries the qualities of the Elohim Cyclopea (All-Seeing-Eye of Vista), the Archangel Raphael and the Chohan Hilarion. The color is Green... the Flame of Truth.

THE CROWN CENTER, thank God, has not been touched with negativity but is undeveloped and when developed is the center of Divine Wisdom and radiates the color Yellow from the heart of the Elohim Cassiopeia, Archangel Jophiel and Chohan Confucius.

THE SPIRITUAL HIERARCHY

THE SEVEN MIGHTY ELOHIM

After Helios and Vesta (Sun God and Goddess) had prepared the blueprints for the planets of Their System, the Seven Elohim were called into action to do the actual building of each component part which, of course, included the planet Earth. Each of the Elohim are associated with one of the Seven Spheres or Rays, and therefore contributed the characteristics or qualities of Their individual Rays to the Creation. The Elohim work together with Their individual Divine Complements - carrying out Their Cosmic Service as ONE. The rhythm of Creation was maintained as follows:

FIRST RAY Hercules and Amazon

Decision; and the Will to carry them into manifestation.

SECOND RAY: Cassiopeia and Minerva

Perception of the Plan and the Wisdom to analyze the methods of operation.

THIRD RAY: Orion and Angelica

Use of the cohesive action of Divine Love in activities of building

FOURTH RAY: Claire and Astrea

The maintaining of Purity in the com

ponent parts of all activities; and the holding of the Immaculate Concept in all things.

FIFTH RAY:

Vista (Cyclopea) & Crystal

Consecration of all energy to Divine purpose; and consecration upon the service at hand.

SIXTH RAY:

Tranquility and Pacifica

Ministering to the needs of the moment to hold Peace throughout all activities.

SEVENTH RAY: Arcturus and Diana

Rhythm of Invocation of the Sacred Fire to maintain the Divine Plan.

THE CROWN OF THE ELOHIM

Upon the forehead of every individualized God-intelligence there is a beautiful crown of Light upon the front of which are seven Flames in the colors which represent the Seven Rays of the Elohim.

The First Ray is represented at the left side of the forehead by the Blue Flame of Hercules; then follows the Sunshine-yellow Flame of Cassiopeia; then the Pink Flame of Orion.

The center Flame on the front of the Crown is the Crystal Flame of Cosmic Christ Purity, within which is held a focus of the All-Seeing-Eye of God. Around this Flame there ascends a radiance of the Ray to which the individualized Lifestream belongs. Next there follows the Green Flame of Vista; the Golden Flame of the Elohim of Peace, ending on the right side of the forehead with the Violet Flame of Arcturus.

As each Elohim, Archangel and Chohan pours forth the radiation of His Ray on the successive days of each week-beginning with the

94

Blue Ray of Hercules on Sunday, each of these Rays on the foreheads of mankind is successively nourished and expanded.

This "Crown of the Elohim" of which we speak is not visible to the average physical sight of unascended mankind but It may be clearly seen by any and all who have their true "inner sight" well developed and, of course, It can be and is always seen by the Cosmic Beings, Ascended Masters and the Angelic Host who minister to mankind.

This "Crown" is a natural God-gift of Light to every God-intelligence incarnated and is the anchorage of the Seven Rays of the Elohim in every brow. When well developed, this "Crown" is a certain protection to the brain structure and mental body, as well as a focus for the "inner sight" of the individual through the raising into God-activity again of the pineal gland in the center of the brain. The anchorage of these Seven Rays into

the forehead of each individual gives the Elohim, Archangels and Chohans an "Open Door" through which They may give assistance to mankind.

When the sincere student of Truth becomes conscious of this "Crown" (having accepted Its presence upon his forehead by receiving the Masters' instruction to that effect) he also accepts each day the radiation of the Virtues of the Great Beings concerned therewith.

Consciously "tuning in" to that Virtue through his attention upon Them, much more concentrated blessings are rhythmically received by such a chela.

These Seven Rays on the forehead act like a spiritual "antennae" magnetizing the gifts of the Seven Rays into the individual worlds of those who will consciously accept them. Then, according to Divine Law, this lifestream sends forth the blessing received, amplified by his own conscious direction.

Anyone who wishes to daily use the following Chant to the Seven Mighty Elohim will find a sense of tremendous balance coming into his life and experience right here in this physical appearance world. To get the best results from Its use one should practice It at least once every day at about the same time.

The musical notes for the chanting of the Name "E-lo-him" are the following: F below Middle C, followed by the next full tone G-then B flat. The Word-" I AM" -should be spoken in one's ordinary tone of voice-then follow immediately by singing (with a musical instrument if possible) the tone of F (below Middle C), then G

95

And then B flat. This activity should be repeated seven times, focusing the attention each time upon the Rays and Names of the Elohim in order, beginning with the Blue Ray of Hercules on the left. The Chant goes:

"I AM"! E-lo-him! E-lo-him! E-lo-him! E-lo-him!

E-lo-him! E-lo-him! Seven times seven-" I AM" E-lo-him!!

The words "Seven times seven" – 'I AM' should also be spoken in one's own voice tone-and the final E-lo-him taken on the three musical tones- this last time very slowly!

The Blessings of the Holy Spirit are upon you always, as you TRY!

Maha Chohan (Now Holy Aeolus)

SEVEN STEPS TO PRECIPITATION

First: Nothing is ever created in this world and nothing is ever accomplished along any line until you WILL within yourself to do it!. This is the activity of Beloved Hercules and the First Ray. Whether you WILL to walk down the street; to attend a class; to give

some service to another; to Precipitate a small ring or a large building,-you must first-within yourself-WILL to take the vital energies of your life and accomplish Some constructive purpose with them.

Second: This comes under the radiation of the Beloved Cassiopeia.

After you have willed to create a definite form, one should then ask for the DIVINE PERCEPTION (ILLUMINATION) as to how best to produce that form or, after you have abstractly willed to serve in so me way, the PERCEPTION of the Gold Ray is necessary to enable you, through the use of discrimination and *the use of just plain common sense*, to know just what momentums of already developed God-qualities you have to offer and how they will allow you best to serve. Particularly since the time and work of Madame Blavatsky up to the present day, We have had many men and women who have willed to serve the Masters but who indiscriminately rush forth into action without discretion or the measuring of their own talents and capacities-regardless of the type and amount of qualified in their worlds which would allow the best service to be given; also as to how the service they desire to give might fit into the great Universal

96

scheme. So, after you WILL TO DO, then you require PERCEPTION to let you know at least something of that which you wish to do and how that which your world has to offer will be able to lovingly co-operate with God' s Divine Plan.

Third: Now comes the step which involves releasing the feeling of DIVINE LOVE from your heart and this "step" is under the direction of Beloved Orion. That which you do in service for the Master or in the use of the Power of Precipitation, requires the loving co-operation of all your bodies, *including the outer physical form* You have heard it said so often by many of your great Teachers that, what is done in a sense of "duty", must be done all over again in a feeling of LOVE. Therefore, you must develop the qualities of feeling of Our Beloved Orion-the loving constancy of staying with your endeavor until it is completed; working with it in gratitude, happiness and devotion, with no thought of time, recompense or personal recognition of any kind; *just serving for the joy of it!* That is the activity of the Third Ray-one of the most important of " The Seven Steps."

Fourth: Beloved Claire (Elohim of Purity) takes fourth place in precipitating. This means staying right with the PURITY of the original design which has been given into your mind by your own Holy Christ Self at your request; or, if you are among the more fortunate ones who are further developed-directed into your mind by some Master Himself. TO hold the PURITY of your design means that you do not personally elaborate upon it, "embroidering " it, so to speak; fitting that design into your own reason, logic and individual satisfaction; but that you are willing to sustain the perfect pattern and design which an Intelligence greater than your own has created, so that through you the entire race may be benefitted.

May I say here that, in the creation of this planet Earth, after We had responded to the call of Hercules and WILLED to create; after We had looked into the world of the Silent Watcher and PERCEIVED what Beloved Helios and Vesta wished Us to do; after Our hearts were filled with LOVE for this opportunity to give greater service, We were absolutely selfless in Our desire to create the Earth exactly as Helios and Vesta had

designed It and We stayed with that perfect pattern until it was brought forth in great beauty, symmetry and perfection of every kind. Remember, as Elohim (Divine Builders of Creation in this entire Galaxy!) We were not only working with the planet Earth at that time but also in other Galaxies; for We are connected with many Stars

97

and other Systems. Having within Our consciousness many other designs of equal beauty and perfection, We just had to clear Our minds of all other ideas than those provided Us for this sweet Earth. None of Us presumed to suggest the changing of the form of even a blade of grass! We voluntarily made Our consciousness like panes of clear glass, as it were, so that the light pattern designed by Those Great Ones (Helios and Vesta) could shine through Our consciousness and manifest. We would not even have started this Creation if We had not been willing to lovingly co-operate with Its Designers!

Fifth, The next activity is that of CONCENTRATION and CONSECRATION from the Beloved Vista-the quality and ability to stay with one project until it is completed. Here again we come to that which is a great test to the lifestream. The vital fires of joyous enthusiasm and real which are kindled within the earnest student when he first touches the Truth of this Light, usually turn to ash within about six months.

However, CONCENTRATION upon the same plan, pattern or design until it is physically manifest, is essential to the producing of instantaneous Precipitation. I have watched the activities of the inner bodies of the students many times-particularly during this series of addresses given by the Elohim. Every time one of Us has spoken on His particular activity, nearly everyone present determines within himself to draw forth and develop that quality of Mastery! You see, this is quite natural BECAUSE, WHITE YOU ARE- IN THE RADIATION OF Our consciousness and *feeling* of that Mastery, *it seems so very easy of accomplishment to you* and so much worth white. Now, these addresses have been given over a period of several months and, during that time, I can count on the fingers of one hand those who have stayed with the same pattern which they determined to develop some weeks ago.

If you are designing a car, a home, a garment to wear or whatever you may choose to precipitate, stay with one design until you have followed through the necessary "Seven Steps to Precipitation" which are scientifically required to manifest what you desire, visible and tangible in your outer use. It is not so important just *what you choose to precipitate, but it is important that you clearly understand the Science of Precipitation*. When you do and you are successfully able to use that Science consciously and at will, then, as your Master Saint Germain has previously said: "the things of this world will seem as rubbish to you."

98

However, that which We are endeavoring to make you feel, is the joy which you can have in your conscious use of the power which is within you to produce that very manifestation. When you have done it once, the use of that power is yours for all

Eternity and the faith, confidence and happiness that wells up in your heart will make you know and feel your Mastery.

Sixth: (Important: In the Science of conscious Precipitation, the Seventh Ray of RHYTHM of INVOCATION precedes the activity of sealing your manifestation in the and radiation of GOD-PEACE, which is normally the activity of the Sixth Ray.)

Seventh: After you have finished with the Fifth Ray of CONCENTRATION and have stayed with one pattern long enough, you come into the activity of Arcturus-RHYTHM OF INVOCATION.

Here again, if you are serving the Master, it is of little effect if you serve Him in a great rush of energy one day and then do not show up again for a month! All the activities of Nature are in perfect RHYTHM.

Watch your Season, sunrises and sunsets, the ebb and flow of the tides and the regular beat of your own heart. Here you can see something of the necessity for RHYTHM. No matter what you are creating, the RHYTHM or feeding that pattern with your life by your thought, feeling and spoken decree at the same time each day-morning, noon and night (or whatever time you decide to give to it)-is absolutely essential to your success in such endeavor.

In this regard, may I just give this warning, dear hearts? If you do not give your pattern of precipitation RHYTHM, you will bring forth a form without symmetry- *if you bring forth anything at all!* Some of the less beautiful of your architectural productions and-forgive Me for mentioning this-but some of the imperfections of your flesh forms are due to the unpleasant effects of broken RHYTHM. Now, you who are conscious students " shy away" from broken rhythm in the world of music and yet, in your own worlds, that broken RHYTHM of thought, feeling, spoken word and deed result so often in ill health, lack of finances, lack of peace and many other limitations. In past Golden Ages of Perfection which have been upon this dear Earth, *all the people* walked with a rhythmic step and breathed the slow rhythmic breath, because the perfect RHYTHM of the Three-fold Flame within their hearts was allowed to govern their Life-energies as they flowed into and through their four lower bodies. As the Beloved Arcturus has said to you-you could not long remain angry or resentful if you were to

99

govern the RHYTHM of the life flowing through your bodies, by maintaining the rhythmic breath at all times. Those of you who have studied the art of rhythmic breathing know something about this of which I speak.

In the case of drawing forth into visibility to the physical sight of all, these Flames of the Sacred Fire from the so-called "invisible" (which We do wish to do in some of these Sanctuaries of the New Activity-particularly where there is an already gathered focus and momentums of tremendous proportions in the ethers above a given locality where, in the past, there have been Atlantean Temples of some specialized God-quality) -such Flames can never come forth from the invisible to the visible until you have a constant and rhythmic attendance upon the focus of such Flames. This constancy of service *must*

be established far beyond the slightest possibility of breaking such RHYTHM of attendance by the "pull" of any outside interest!

Now, right here- as I look into your minds and worlds while I am speaking to you-may I suggest that the smaller the thing you choose to bring forth as your first precipitation, the less of your vital energies it will take. Do not start with something the size of a large building, for instance. Begin with something that your reason will not confute in the wee hours of the morning when you are alone with your own thoughts and out of the greater radiation of the class; when you take time out during the day for your rhythmic attendance upon your project or during the day when you are engaged in the business of making a living and the pressures of the outer world are upon you. You can prove My words true in all of this-*if you will.*

Sixth: Then, O Beloved ones, My heart pleads with you to *prayerfully consider this final*" step" - probably because it is My Own activity. After you have drawn forth your magnificent precipitation, seal it in My Flame of PEACE. Please do not allow any inharmony of any kind from yourself or others to destroy it. Just as you would place a cellophane cover over something precious which you wished to preserve, seal your precipitated form in the Golden Flame of the Elohim of PEACE and hold it inviolate against the disintegrating forces of human thought and feeling. Perhaps the greatest disintegrating force of such human thought and feeling is the jealousy and doubt of others.

Here let Me warn you-those of you who wish to practice the Power of Precipitation-that it is most important for you to *remain*

100

absolutely silent concerning what you are about! Seal your lips against giving even an intimation through the spoken word as to what you are doing for, believe Me, you have no idea of the violence of feeling which will be driven at you from those who are covetous of your Light's greater development. Their own feelings of insecurity would make them act thus toward you.

When the original creation of this planet was finally manifest;

when the activities of the RHYTHM of Arcturus had drawn the final invocation of energy necessary for the completion of this planet; when the Seven-fold Flame of the Elohim had done Its perfect work; when the planet Earth began to revolve upon Its axis and began to release into the atmosphere Its melodious keynote to enhance the Music of the Spheres,-it was a beautiful sight and sound indeed! At that time, the PEACE which surpasses the understanding of the human mind abided in the atmosphere of the planet. However, when those "laggard" souls came here from the other Systems and brought disintegration through the feelings of rebellion, pride, hate, doubt and fear,-just like the well-known activity of the "Trojan horse"-from within out-the great perfection which had been established for so long began to recede here.

PRECIPITATION -A NATURALLY USED POWER ON LEMURIA AND ATLANTIS

In your outer consciousness you do not remember but We remember well the glorious perfection which was once upon this Earth when the Archangel Michael first reigned here. During the days of the perfection of Light's dominion on Lemuria, when every man, woman and child wielded the powers of Precipitation and Etherialization just as easily as you draw breath today, at each meal time the patriarch of every household sat with his family around him and their table was spread with every good and perfect thing in the way of food and drink for the sustaining of the health and perfection of their bodies, minds and worlds. When the meal was finished, the mistress of the house, by the use of the power of Etherialization, removed the remains of the meal and the vessels used for its serving, without the raising of a hand.

At that time, also, the ladies of the household Created garments of beauty and perfection for the entire family by the use of their own thought and feeling centers and exercised the power of Precipitation by following through Its Seven Steps.

101

THE SEVEN ARCHANGELS

Each of the Seven Spheres or Rays is represented in the Angelic Kingdom by an Archangel and His Divine Complement - an Archaii.

They are the Directors of the Angelic Host in the service that is rendered to mankind by these Beings. Their association with the Seven Rays is as follows:

FIRST RAY: Michael and Faith

Defender of the Faith; Power; Protection.

SECOND RAY: Jophiel and Constance

Illumination.

THIRD RAY: Chamuel and Charity

Power of Divine Love.

FOURTH RAY: Gabriel and Hope

Purity and mind and body; Hope

FIFTH RAY: Raphael and Mother Mary

Consecration to Service.

SIXTH RAY: Uriel and Donna Grace

Ministration to the requirements of the hour.

SEVENTH RAY: Zadkiel and Holy Amethyst

Invocation of Divine Mercy and Compassion.

THE PLANETARY SILENT WATCHER

While the foregoing Offices are applicable to the entire planetary system concerned with our Sun, the following Offices are those associated with the Earth itself. With the exception of the Silent Watcher, these services are performed either by Those who have graduated from the evolution of the Earth or by great souls from other planets who have agreed to assist in the delayed evolution of the Earth.

Above all Beings that serve with our Sun - Helios and Vesta - is the One known as the Silent Watcher of the Earth, who has access to the Mind, the Heart, the Will and the Presence of God. This Being directs to the Lord of the World (Lord Guatama) Who comes next in graded service in the Spiritual Hierarchy - (the Spiritual Government of our Earth).

102

THE LORD OF THE WORLD

The Lord of the World is the highest ranking Intelligence over every member of the Spiritual Hierarchy. He is the Supreme Authority over all activities of every kind, the actual Dispenser of the Works and Powers of the Godhead. He serves *primarily* with the Lords of Karma and the World Teacher.

The Office of the Lord of the World was formerly held by the Beloved Sanat Kumara who came to the Earth from the planet Venus when Earth's inhabitants had reached the very depths of degradation a point which threatened the very existence of the Earth itself in the planetary system. His great Love held the Earth's balance until one of Her own children had reached that point of maturity where he could assume that responsibility. This great moment was attained in 1955 when the former Guatama Buddha became the new Lord of the World. However, Sanat Kumara has agreed to remain as Regent until such time as the Earth and Venus are required to enter their respective Cosmic initiations.

THE BUDDHA

The name Buddha is a title used to designate One of Great Spiritual Light and development. It is comparable to the title of Christ in this respect. However, the Cosmic Office of Buddha is usually held by One qualified to attain the Office of Lord of the World, as was the case with Lord Guatama. The present position of Buddha is held by Lord Divino, formerly known to us as Lord Maitreya, who formerly held the Office of World Teacher or Cosmic Christ.

The service of the Buddha is to embody the Love of God Himself and sustain the Spiritual Fire in the soul while it is in the atmosphere of Earth where it is required to develop and mature. The Buddha steps down the Nature and actual vibration of the Kingdom of Heaven so that the soul is not completely exiled and the Spirit Spark withdrawn from Earth. This Office was held for many centuries by the Great Lord

Guatama Buddha, who recently took over the Office of Lord of the World when Sanat Kumara was released to return to Venus and Her peoples.

THE WORLD TEACHER

The World Teacher, the Great initiator, serves under the Lord of the World and endeavors to develop the conscious minds of the peoples

103

of Earth, connecting the radiation of the Buddha with the Earth's evolutions. He is the Being who inculcates every world religion and usually serves for a period of about 14,000 years. It is His service to teach the priests, ministers, missionaries, rabies, etc. and all those who carry the Word of God to men how to stimulate the Spiritual Centers within the seven distinct and different types of mankind. This Office is now held conjunctively by the Beloved Ascended Masters Lanto and Kuthumi.

THE THIRD PERSON OF THE HOLY TRINITY

This Office is held by the Great Beloved Maha Chohan, Who represents the Holy Spirit (Holy Comforter) to the Earth, and Who, in turn, is the Over-Lord of the Seven Chohans of the Rays. He is also Director of the Forces of Nature and all energy to the Earth. He is the Great One who gives to each individual his first breath when he is born, and He is the One who receives it back at the time of so-called death.

The Office and Cosmic Activity of the Holy Comforter came into being at the moment that the first man (Adam) chose to experiment with the Creative Centers of his own thought and feeling and a form short of Perfection was conceived and externalized which was the first chain of the karmic heritage of the race. At that time, the Great Silent Watcher, knowing that every Cause breeds Effects, and the Effects, in like manner, generate many Causes, realized that some time and somewhere would the call come from life for comfort. Unto that day and hour was prepared the Cosmic Temple of Cosmic Comfort to Life which abides within the Heart of the Electronic Belt around the Sun of our System.

Therefore, you will see the Cosmic release of Comfort to man was pre-ordained from the moment that the first shadow stole stealthily from the mind of man, and the Silent Watcher, knowing the prolific generating quality within that shadow, prepared for the hour when the Light in the heart of man would know the spawn of the first parent error and be smothered beneath the pressure of the 'original sin.'

It was then that the first Maha Chohan drew from the Bosom of the Father of Light the Quality of Comfort, and the Glorious Cherubim with Him created the Chalice into which, through all succeeding ages, every Comforting Presence has poured that portion of His Life which He chose to dedicate to such a Cause; and in the history of the ages there have been many such Blessed Hearts. Today, the final hour in the

104

history of our planet is at hand, and the Message of Aquarius is to be fulfilled as the Cherubim inverts the pitcher and allows the Comfort of Life to flow which will bring release to the Light in the heart of every man.

The past, present and future are as one to the Great Intelligence who governs the evolution of planets and galaxies, and truly the statement: ."Before they call, I have answered"" is a manifestation of the Love and 'Compassion of the First Great Cause who has prepared for a race' s evolutionary process, nourishment which will be a sustaining comfort as well as salvation to them in a given hour.

The Angels of Comfort have winged Their way, century after century, into the Cosmic Temple of Comfort which is presided over by the Glorious Cherubim whose service it is to hold this Quality in its concentrated essence. Here They have filled Their Cups with God' s Comfort, carrying it to the hungry hearts who have sent out a call or a prayer for this Divine Quality, and for every Cup that was filled, from the Heart of the Sun came ten times that amount again so that in no measure would the gathered momentums of Comfort guarded by the Cherubim be lessened.

The activities of the great Cherubic Hosts are particularly concerned with the guarding of qualified energy which is to be utilized by the Intelligence of the Godhead for a specific purpose.

All of the energy qualified by a certain Quality which will be of benefit to a Cause which will benefit a race, a planet or a Galaxy, is seized by Great Beings who ensue it to keep it from returning into the Primal State of Universal Light. Thus, when a Great Being becomes invested with the responsibility of embodying a Quality of the Godhead and, through His very Self, awakens a Like quality in any sphere, a member of the Cherubic Host volunteers to hold the drawn, concentrated and qualified energy of such an one, and all the contributed energy of those life streams which the Sponsor can interest in a similar Cause becomes the momentums which builds until the hour of fulfillment is at hand, and then, through the Heart Center chosen to be the channel or faucet for its release, the gathered momentums of the ages flows and the life of a planet or a Galaxy is enriched thereby. The guarding of the energy, until such a moment arrives, is the service of the Great Cherubim.

These Beings never, for an instant, deviate from this concentrated service to life. It is almost impossible for the human mind to conceive of

105

such one-pointed, patient, constant devotion and yet there are Beings belonging to this System and others who have rendered service of this kind for billions of years. They become Silent Watchers of Universes, systems of worlds and galaxies in time. The small elementals that contain the pattern of a flower during its comparatively short existence in a given season, and the greater Devas who sustain the pattern of the oak tree or the great Redwoods of California for hundred of years are examples, in the Kingdom of Nature, of this service to Life.

Beloved Children on the Path:

When a Perfected Being focuses His attention on an unascended member of the race there flows from the consciousness of the Master a steady stream of pure electronic which is filled with the feeling, the thought and the very being of the Master directing the Light Ray of His attention. If you could, with the inner eye, watch the process when the Master chooses to pour His consciousness into the aspirant, you would see passing from the Master waves of light and color which flow into the four lower bodies of the individual, enlarging each one of those bodies, and also changing the color and tone of the energy released by the chela. During this process, much of the psychic and astral is washed out of the lower bodies of the student and new hope fills his inner bodies.

If it were not for such a spiritual connection between Master and chela, the weight of the individual's accumulation of psychic would soon draw him back into the mass mind because the heavy pressure of human creation around the Earth plane at present is more than the strength of any unascended being can pierce through unaided.

It is this Spiritual transfusion (so to speak) of the Master that gives the added impetus of courage, inspiration, strength and Love of the Light to the imprisoned soul which enables that soul to hold the Pathway open before him.

That is why Our desire is so great for people to place their attention, undivided, upon the Ascended Masters' Octave, the Omnipresent Holy Spirit of God, the Angelic Host or any member of the Spiritual Brotherhood as often as possible because it forms the link or bridge over which may be carried the Spiritual Food which sustains the interest of the soul and makes that soul a radiating center of inspiration to others. Without such a link, dear ones, the soul-sleep of the centuries would again engulf the people of Earth.

106

The particular service of the Ascended Master is to intensify the light in the heart of the seeker that its more powerful and expanded voltage might throw a greater radiance upon his path. The amount of Light within the chela will determine his capacity to perceive and cognize Truth and the constant increase of the Light through the consciously projected Rays of the Ascended Master represents the way and means by which the seeker's light may have sufficient intensity to enable him to find the object of his search, which is the realization of his own oneness with the Eternal Father of All.

As the traveler can proceed with greater ease when the light of the noonday sun illumines his pathway than during the night hours when every crevasse and stone is shadowed over, so can the wayfarer upon the Spiritual Path accomplish his journey with greater ease and safety when the combined focused and sustained Rays of the Ascended Host make for him a Spiritual Light on his path which shows up the hurdles, the obstacles, and the straight way.

The individual who seeks to proceed without the assistance of the Masters may do so, but then it is only his own soul-light that can guide him which may be likened to one traveling through a forest in the dark with only the flickering, uncertain light of a penny candle, whereas one may proceed in safely with the light of the noonday sun.

ALL unascended beings must come to the place upon life' s pathway where they become the master control of the energy of their lifestreams, sending it forth into the universe in a harmonious manner. This is the reason for which every man look incarnation and there will be no happiness, no contentment, no bliss until each lifestream becomes the controlling power of the energy which is his life essence.

By calling to the Ascended Masters, to the Angelic Host and the Powers of Light, They will anchor Their energy into your inner bodies, and They will help you be radiating through you Their feelings which will gradually transform and transmute the momentums of energy that you have gathered and qualified imperfectly.

There are very few unascended beings, at this time, in the Western Hemisphere who have mastered the energy of their lifestreams. Most people are endeavoring, according to their particular capabilities, to come to a point of harmonious expression. In the course of one' s experience, a person contacts not only his own discordant energy, but also that of the lifestreams around him. However, there is no point in

107

becoming discouraged by the presence of inharmony when all conscious students know that it is their duty and responsibility, each one, to try to harmonize as much as possible the thoughts and feelings of his or her own lifestream and to give whatever they can of silent radiation to those in their vicinity.

The Ascended Masters and Perfected Beings are willing to ensoul and canopy any lifestream who sincerely desires harmonious expression. They will clothe them in the fullness of Their Love and Light which will disconnect such an one from any unpleasant vibrations that may be directed toward them and will also melt away the cores of inharmony that are liable to manifest as unhappiness and distress.

There is one established law for unascended beings, and all must remain on the path of experience, struggling with the results of cause and effect, until such time as the keynote of balance, love, light, harmony, tolerance and understanding flow through the radiation of the energy which each one has drawn directly from God the Father, and for which each must render a personal and separate accounting.
